## MUST NOT RAISE TAXES SAYS NEFF TO LEGISLATURE

GOVERNOR'S MESSAGE RESTS ON  
ECONOMY AND LAW EN-  
FORCEMENT.

Austin, Tex., July 18.—In submitting his message to the first special session of the thirty-seventh legislature today, Governor Neff said in concluding the preface of his message that "In a state government, democratically administered, there are two matters of highest importance to the people. One is the proper collection and distribution of the tax money. The other is a strict and impartial enforcement of the law."

On these two points Governor Neff based his message which was twenty-seven pages in length. The message was delivered to the legislature by a special messenger.

The governor launched into facts immediately, beginning with the financial condition of the state. He pointed out why he vetoed approximately five million dollars appropriated by the regular session. He reiterated his statements that the state is top-heavy and that he vetoed these bills because the state did not have the money to meet them. He pointed out what he recently said in speeches at Corsicana and Mexia, that the ad valorem tax rate would have to be \$1.04 on the one hundred dollars to meet the appropriations. He said that the present tax rate of 22 cents should not be raised and that the way to keep down expenses is to keep down appropriations. The governor warned the legislature that "any bill that comes to my desk that proposes to place additional taxes against property, enterprise or institutions, will be promptly vetoed."

The governor devoted the greater part of his message to the enforcement of the law in Texas and the measures which he will submit to the special session, termed his Law Enforcement program.

"For a country to permit crime is to commit suicide," said the governor. "That maudlin sentiment that loses sight of truth and justice and right and makes a hero out of every person who commits a crime is sapping the sovereign strength of the state. Punishment should follow crime as night follows the day."

He dwelt at length on the crime wave through which Texas has just passed and said that it was only a result of a complete breakdown in the administration of the law. He said that punishment for crime has been so minimized that evildoers do not fear the law and therefore "lawlessness is rampant."

The amendment to the Dean prohibition law should be passed, the governor said, so that those guilty of selling liquor could be punished more easily. This amendment was defeated at the regular session by one vote and was the cause of the break between the governor and the legislature. As it is to be submitted by Representative Morris of Medina, it proposes to take from the law that part that makes the buyer of the liquor guilty of an offense so that he can testify against the seller.

The outright repeal of the suspended sentence law is also sought by the governor. He pointed out that this law encourages crime and is fundamentally wrong. It was likewise defeated at the regular session.

In urging passage of the Quo Warranto bill, or the Johnson enforcement bill as it is commonly called, the governor said that if an officer of Texas corruptly and willfully refuses to enforce the laws, he should be removed. This bill has been changed from the way it was defeated at the regular session. It proposes to give the Attorney General instead of the governor, as originally presented, the power to bring quo warranto proceedings against a state or county officer if cause exists for such proceedings.

The governor referred briefly to the state aid for public schools. He vetoed an appropriation of four million dollars after the regular session, pointing out that the state had no money to meet it.

He also mentioned briefly the senatorial and representative re-districting bills, which were not passed at the regular session and which the constitution provides shall be done after each decennial census.

## K. P. LODGE HOLDS INSTALLATION MEET

The Knights of Pythias Lodge in Cameron Monday night installed officers for the ensuing term.

Walter D. Thomas has been elected to serve as Chancellor Commander to succeed R. A. Triggs. O. W. Crittenden has been installed as Vice Chancellor.

Walter D. Thomas, C. C. O. W. Crittenden, V. C. O. W. Triggs, P. C. E. Triggs, M. of W. R. E. Sharpe, M. at A. W. W. Chambers, I. G. J. R. Joslin, O. G.

## DISTRICT MEETING FOR MASONS HELD IN CAMERON LODGE

MASONIC SERVICE ASSOCIATION  
IS BEING ORGANIZED IN  
AMERICA—BIG THINGS  
PLANNED.

Organization of a Masonic Service Association in America is now being undertaken by the Masonic Order.

A meeting of all the lodges of this district called by District Deputy Grand Master Ireland, was held in Cameron Lodge Tuesday night for the purpose of organizing the district and the appointment of the committee to have charge with the chairman of the directing of the service.

Judge W. G. Gillis, Worshipful Master of San Andres Lodge, addressed the meeting telling of the plans for the work as outlined by the conference at Austin recently when Grand Master Randall addressed the body. Judge Gillis gave the outline in detail in a most interesting and entertaining address in which he told the history of the movement and the lodge in characteristic style of eloquence. Representatives of the county lodges voted to go into the organization following the address of Judge Gillis and others.

After the meeting refreshments were served in the dining room of the lodge.

Speaking before the meeting on "The Spiritual Side of Masonry," S. P. Cross, ardent worker and delegate to the recent state conference in Austin said:

"Free Masonry in its symbolism and teachings recognizes as of supreme and vital importance, two objects only, the divine being and the human soul."

Free Masonry, in all its degrees continues to impress on the initiate the thought of God as the Almighty Father, source of all life, all light, all truth and all wisdom and love. God, in whom is unlimited power and force; who's thought conceived and brought into effect the unvarying and unalterable laws by which and through which creation began and still continues. The same laws originating, guiding and controlling, in both the physical universe and the spiritual world.

To the true devoted Craftsman Free Masonry must ever be regarded as the very embodiment of truth and virtue—for, the very moment a Mason gets his consent to question the truth of its declarations, that very moment his faith in it is shaken and his appreciation of it is lessened.

We have every reason to believe that our ancient brethren placed implicit confidence in the teachings of the Holy Scripture and in it they traced the handy work of God. Those principles they practiced and so beautifully preserved and secretly handed them down to us that we might enjoy the benefits thereof. It was with happy heart and buoyant tread that our brethren of the Mystic Tie marched along life's pathway, following the lead of Faith as they held aloft the light of divine revelations, singing as they trod life's otherwise weary pilgrimage, songs of praise to the

## BANK DEPOSITS ARE OVER TWO MILLION IN MILAM COUNTY

STATEMENTS SHOW FINE FIN-  
ANCIAL CONDITION IN COUNTY  
FOLLOWING DEPRESSION  
DURING RECENT MONTHS

Bank deposits in Milam County are \$2,240,433.66.

This total is shown by last call statements published in the newspapers of the county.

With near two and a quarter million dollars on deposit in the banks of the county and the time at hand for the harvesting and selling of the incoming crops it is assured that prosperous conditions will obtain in the county this fall and all of next year.

There has been no business failures in Milam county this year. Conditions have been above the average in this section and while there has been a shortage of money, its use being restricted by the financial policy of the country, little or no difficulty has been experienced in tiding over industry, retail and wholesale business and the farmers.

The showing made by the banks under recent call is most heartening and with the market season at hand there is cause for real optimism in all lines of business.

ICE CREAM SUPPER AT  
MARLOW FRIDAY NIGHT.

There will be an ice cream supper at Marlow Baptist church Friday night July 22, for the benefit of the church. Announcement of the supper is made by Mrs. Bruce Burnett. The people of Cameron are invited to attend this supper.

WILL SPEAK TO CLUB  
IN CAMERON JULY 29.

EBERSTADT.  
Bryan Chamber of Commerce  
Secretary Eberstadt of the Bryan  
Chamber of Commerce will address  
the Cameron Commercial Club, July  
29. Mr. Eberstadt comes on invita-  
tion of the club and his address will  
take up many subjects of importance  
in city building.

## Wilson Will Case Postponed Until September Term

Contest proceedings in the District Court in the Wilson will case which was appealed from the county court after Judge Gillis had ordered it to probate, were postponed until the September term of the District Court Monday after attorneys for the applicant had announced ready for trial.

The contest filed by H. C. Ledbetter, brother of the late pioneer woman, Mrs. Lizzie B. Wilson, to prevent the probate of her will, was lost in the county court but appeal was taken to the District Court. The contest filed alleges unsoundness of mind and undue influence brought to bear on the aged woman in making her last will which was one of six made during her life time. The Wilson estate is valued at approximately a half million dollars.

Jeff T. Kemp was made executor of the estate in the will without bond. Following the hearing on the probate proceedings in the county court Mr. Kemp was made administrator of the estate.

The case has attracted wide attention and will be reported in detail in The Cameron Herald when heard in the District Court.

## TAX VALUATION IS REDUCED IN CITY

TAX ASSESSOR DAN TYSON SAYS  
CUT OF HALF MILLION HAS  
BEEN MADE.

A reduction of at least a half million dollars has been made in the property valuation in Cameron as compared with the valuation last year. Tax collector and assessor Day Tyson says that the board of equalizers have completed its work but no apportionment of the taxes for 1921 have been made.

The reduction of a half million dollars in the valuation of the taxable property in Cameron will cut off revenues. A tax of \$1.40 on the hundred dollars valuation is now in effect, being the maximum rate collectable in the city of Cameron.

## ELECTRIC SERVICE STATION OPENED

DRIVE IN FILLING STATION  
BRINGS BETTER SERVICE TO  
CAMERON FOR AUTOISTS

This week the Cameron Electric Service Station operating a drive-in filling station has been put into operation.

The station which will conduct an electric battery service for automobiles is in a new building completed on the Green lots near the Milam County Lumber Company.

Jack Owings of Autsin, has established the station.

This is the first drive in filling station to have been established in the county and will afford increased service to automobile owners.

Fernell Thousand Island salad dressing. It has the flavor. Giles L. Avriett.

Mrs. Ernest Baldwin and little son have returned from a visit with Mrs. Thomas Beaty at Oakdale.

## CITY MANAGER FORM OF CITY GOVERNMENT IS RECOMMENDED

COMMITTEE REPORT URGES ELECTION TO  
ADOPT CITY MANAGER FORM GOVERNMENT

Calling of an election to be held in February, 1922, for the adoption of a Commission City Manager Form of city government in Cameron is recommended by the committee from the Commercial Club in the following report which has been adopted by the club:

To the Directors and Members of the Cameron Commercial Club:  
We, your committee, appointed to investigate the merits of the commission form of city government, beg to report as follows:

1. We have made a very thorough and exhaustive investigation of this form of city government—securing our reports from representative citizens and business men in cities which have adopted the commission-city government form of city government, and the reports reaching this committee have been unanimously favoring the proposition and stating that the commission-city manager form much preferable to the old form of city government.

2. Considering the very favorable reports as to the workings of the commission-city manager form of city government as applying to other cities, we beg to report to the directors and members of the Cameron Commercial Club that we recommend that our report be adopted and the Club endorse the commission-city manager form of city government for the City of Cameron. We further recommend that an election be held in February, 1922 for the voters to determine as to whether they prefer the commission-city manager form of government.

3. In recommending the election to be deferred until February, 1922, this committee considered that probably it was right to permit the present city officials to serve their unexpired terms. In other words upon investigation we have ascertained that should an election be held and the city of Cameron should adopt the commission-city manager form of government, immediately upon the returns being canvassed and order entered to that effect, then the commission form of government would be in effect.

We recommend the postponement of the election for the above reason, otherwise the report of this committee would be that an election be held in the near future.

Respectfully submitted,  
GILES L. AVRIETT, Chairman  
C. R. PHILLIPS,  
W. W. CHAMBERS.

## NEFF WILL PROVE GRAFT CHARGES

Austin, Texas, July 20.—Governor Neff "beat the house to it," as the expression goes in sending in a special message submitting the reasons for his graft charges. A resolution calling for him to substantiate those charges was introduced yesterday but had not been acted upon. He did not wait for action by either body but came forth today with the special communication.

Here is the message which precipitated the personal privilege debate. It was addressed to the House only.

"Some ten days prior to the convening of the special session of the legislature I deemed it not improper or unbecoming in me as governor to make some public addresses to my constituents, the people of Texas. I saw fit to talk to them about the administration of your government. In reading over your House journal distributed yesterday, I note that your presiding officer, in assembling your honorable body, took me to task for making political speeches when no campaign is on, and charged that I should have been devoting my time to solving financial problems. He also alleged that it was 'high time' for me, 'instead of so much outside talk' to furnish the legislature information that what I was saying in my talks to my constituents was true. Following this critical address of your presiding officer, one of your members introduced a resolution requesting that I give to the House evidence substantiating the things I have said to the public. While this resolution has not been adopted by the house, not desiring to be put in the attitude of concealing any matter, and especially objecting to the strong insinuations of falsifying on my part, I desire, without waiting for a request to do so, to state what I said and why I said it.

"1. In some of my speeches I charged that for years there had been theft, graft and mismanagement in connection with our penitentiary system. I renew the charge now. Proof that this charge is true can be found in the written evidence recently taken by your own investigating committee and taken several years ago by another penitentiary investigating committee, together with other information, all of which is now in my office and can be had for the asking. The documents are too voluminous to be sent herewith. Our penitentiary has been for years so thoroughly shot through and through with graft and crooked dealings that I did not presume that it had a defender anywhere. With 40,000 acres of the finest cultivated land in Texas worked by convict labor, the net loss last year in operating expenses went just a little under \$1,000,000, while the Mississippi penitentiary, by cultivating farms, cleared over \$1,000,000.

"2. I charged that the records revealed the fact that an employee in one of the people's money. I renew that charge now. My reason for so doing is found in the auditor's report of this department, which audit was made by two auditors at my request. The auditors are within calling distance of the House of Representatives and their written report is in my office and may be had on request.

"3. I charged that the records revealed the fact that the sacred school

fund of the State had not escaped the greedy hand of graft.

"I renew that charge now. Documentary and conclusive proof of this can be found at this time in possession of the Secretary of State, Board of Education, Miss Annie Webb Blanton, whose office is in the capitol. This evidence is open to your inspection. It will advise you as to the time, the places and the grafters. This information came to me officially in discharging my duties as chairman of the State Board of Education.

"4. I charged that I had in my possession evidence and official papers showing that the bogus checks made payable to people who did not even work for the State had been fraudulently drawn on the public funds. I renew the charge now. This evidence has been in my possession, part of it having been secured by me officially. Some two weeks ago it was loaned to be used as evidence in a court of inquiry trial, as part of this money involved Federal funds. This evidence can be had from the State Comptroller, the Treasurer and from my office.

"5. I said that an investigation revealed evidence and official documents that were convincing to me that certain employees of the government had padded their expense accounts and thereby collected from the State money to which they were not entitled. I renew that statement now. The names of the departments, the names of the individuals and written testimony concerning same can be had at my office. Any one authorized by your body can receive it. For legal, diplomatic and prudential reasons names are not at this time by me made public. After these matters pass from my hands, they may as far as I am concerned, be given to the press. Heretofore, all this information has been brought to the attention of the officers of the Attorney General of the state, most of it has been made known to proper local officers, and all of it is now accessible to your hands.

"In this connection, I desire to say I have had but little time, on account of my other duties, to study, in detail, as I had hoped to do, the various departments of the State government. In my study of the affairs of the State hereafter, I shall gladly, if your honorable body is in session, transmit it to you. If you are not in session I purpose, with no padlock on my tongue, and with no censorship on my tongue, to tell it to my constituents the people of Texas. I shall reveal, not conceal, the facts. To advise the people of the condition of their government, as I see it, is my duty. Whatever I tell them will be the truth.

REVIVAL MEETING AT CURRY  
SCHOOL HOUSE ON JULY 22.

Rev. C. L. Spradley, county missionary has requested the Herald to announce that a revival meeting will be held beginning July 22 at Curry school house near Cameron. The services will begin at 8:00 p. m.

The preaching will be conducted by Rev. C. O. Kelly of Waco. Everybody is cordially invited to attend. Rev. Spradley is engaged in a meeting at Burron below Gause and reports fine progress.

A commission city manager form of government for Cameron was recommended in the report made to the commercial club Friday night by the committee appointed to consider the change in the form of city government. Giles L. Avriett, chairman of the committee with W. W. Chambers and C. R. Phillips as his associates, are unanimous in their findings favorable to a city manager form of government and the views of the committee through its chairman are set out in a comprehensive report published today.

The report of the committee was made after the operation of the city manager form of government was carefully investigated in more than a dozen Texas cities. In each case the committee report says the commission form of government has proven both an economical and efficient system of handling municipal problems.

The report of the committee met opposition when first submitted to the meeting of directors of the club but when a motion failed of a second offering an amendment to the motion for adoption the report of the committee was received with its recommendations.

The committee with the approval of the directors of the club asks for an election to be held in February 1922 thus giving time for the present city officials to serve the full time to which they have been elected.

Following minutes of the meeting has been submitted by Secretary W. B. Skelton.

Officers: Robert McLane president, W. W. Chambers vice president, W. B. Skelton, secretary.

Directors: J. T. Parma, C. R. Phillips, Giles L. Avriett, H. M. Hefley, Jno. E. Mangum, C. W. Lawrence, F. S. Lesovsky, W. G. Gillis, Monta Thomas.

Committee Chairmen: R. H. McIntosh, Geo. T. Graves, Monta Thomas, T. S. Henderson, W. M. Cobb, Jeff T. Kemp.

Minutes of previous meeting were read and upon motion adopted.

The subject of Cameron's annual Trades Trip was brought up by the secretary and a two-day trip, covering all inland towns in the county was strongly urged by Chairman Monta Thomas of the Membership and Entertainment committee and W. W. Chambers. The matter was deferred until later and not brought up again.

Monta Thomas, chairman of a committee appointed to collect the remaining cotton classing pledges, reported the town canvassed thoroughly and the service still short \$175.00 of the amount needed to close up last year's business. He was instructed by the president to make a further effort to collect the pledges.

W. M. Cobb, chairman of the Agricultural committee, who was instructed to look into the proposition of the Cotton Protecting company, reported favorably on the matter and upon motion from C. W. Lawrence, seconded by W. W. Chambers, the secretary was instructed to write the above mentioned firm and invite them to come to Cameron and establish one of their plants.

C. W. Lawrence, chairman of the standing committee, appointed for the purpose of investigating outside enterprises asked the club to release him as chairman of the committee as he felt out of place as such. Upon motion from W. M. Cobb seconded by W. G. Gillis, his wishes were complied with and the president appointed F. S. Lesovsky to fill the vacancy.

Considerable discussion was had in regard to the putting into execution the resolution recently passed by the

(Continued on Page Six)

## KINDEGARDEN HAS BEEN ESTABLISHED IN CAMERON SCHOOL

BOARD VOTES TO INSTITUTE  
DEPARTMENT FOR LITTLE  
CHILDREN BEGINNING  
THIS YEAR.

A kindergarden department for the Cameron Public School has been established by order of the board of Trustees.

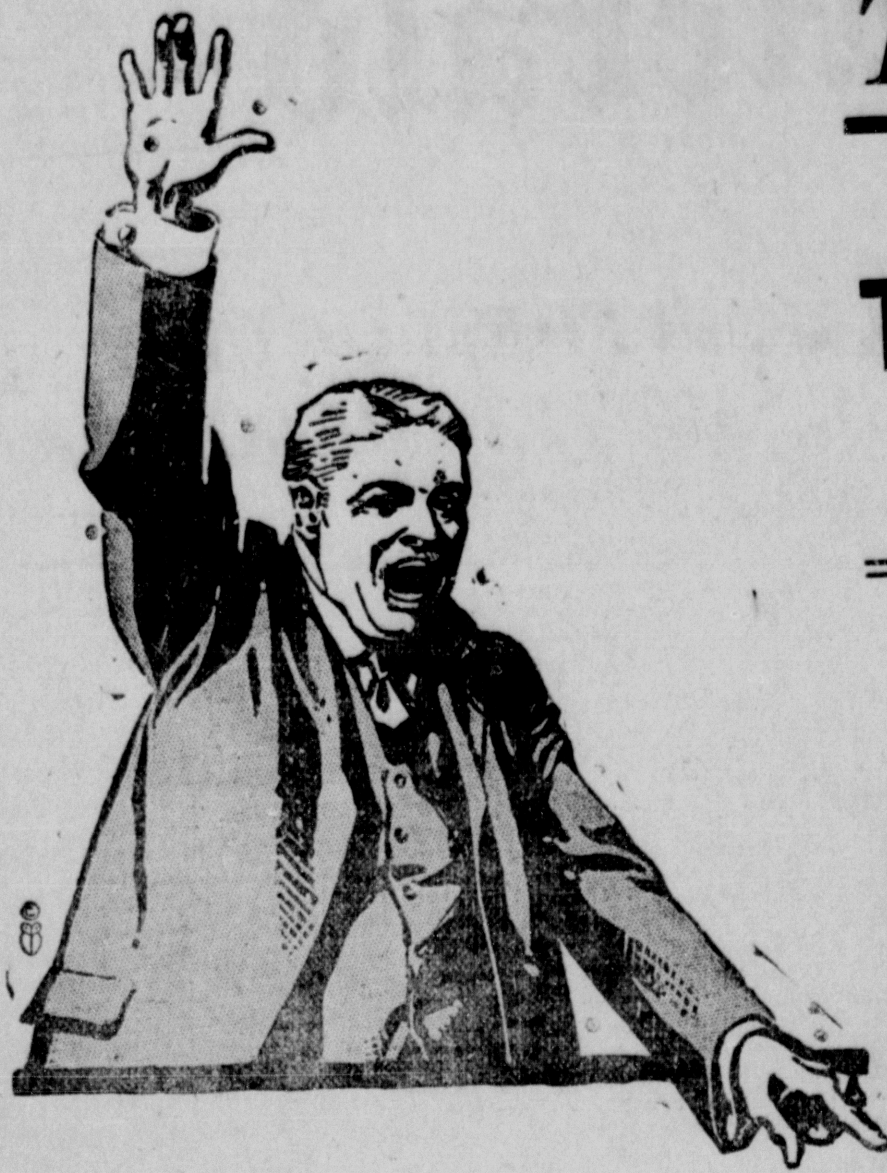

Miss Sallie Kate McLane has been elected to teach this department.

The matter of establishing a kindergarden department in the public school here has been under advisement of the board for some time. The department was opposed by some members of the board but the action has been taken with the view of extending the educational advantages in Cameron.

The department, it is understood will become operative with the coming school term. Ample provision in the way of appropriations has been made by the board and it is believed this department will be strongly supported in the matter of attendance in Cameron.

club regarding the investigation of proposed outside enterprises but no

## Manufacturing Industries Thrive In Cameron Records Show

City and community wealth are built in a large measure by industries of manufacture.

Cameron, while a center of essential wholesale and retail trade has developed manufacturing on a large and prosperous scale. The manufacturing industries here are developed on a small scale as compared with centers of industry elsewhere but in sufficient volume to meet local needs and for distribution over an expanding territory.

Being centrally located in one of the best sections of Texas and with excellent rail advantages Cameron will become a big manufacturing center. Contributing to this prospect is an abundance of fuel obtained from the lignite fields of Milam county, said to be the largest in the world.

The products manufactured in Cameron cover a wide range of commodities. Chief among these commodities in point of volume as well as general consumptive importance is our oil mill owned and conducted by R. L. Batte, large plantation owner and business man. This oil mill is one of the largest and best equipped in this section of Texas, annually turns out thousands of tons of food in meal, cake and other products. The mill also manufactures in large volumes cotton seed oil products now in great demand because of their food value.

Among the leading manufacturing industries of Cameron is the bottling industry. Cameron has two bottling enterprises owned by The Texas Bottling and Ice Cream Company and the Coca Cola Bottling Company respectively. The former enterprise is one of the leading bottling works in this section and in addition to its manufacture makes and distributes to a large territory and for local demand ice cream.

The Coca Cola Bottling Company was established in 1920. This company has developed to be a leading factor in the bottling industry here and is now operating trucks to distribute its products to a large territory. The plant is managed by John McLemore, who recently acquired an interest in the business, coming here from Arkansas.

The Texas Bottling and Ice Cream Company is owned by C. F. Henrichsen.

The manufacture of candy in Cameron has developed to be one of the leading industries here. The Texas Candy Company recently established is finding a large distribution for its products, being now able to manufacture candy for retail consumption selling in wholesale quantities to local merchants and to merchants over the district.

The Palace of Sweets in Cameron has found it practical and profitable to manufacture candy for sale in its own confectionery. This practice has continued for a number of years and the products find a large consumption.

In the Cameron Machine Shop and Garage Cameron has an excellent system of manufacture for products in steel and iron. This company has all the modern equipment necessary to manufacture and is now putting out an order for cotton chopping machines.

The manufacturing industry in Cameron includes a large number of tin works where all the products of that industry are put out in quantity sufficient to meet all existing needs. Leather goods are also manufactured by the F. J. Beckerman works here. Medicines are compounded in the laboratories of the Star Products Co. and Cameron is receiving a wide range of notoriety by the distribution of these products.

Efforts in the past have been made to secure a cotton mill for Cameron, this being a center for cotton marketing.

One of the largest industries here in the way of manufacture is the R. H. Redfield wood works. This plant has recently been established in its new home in the east section of Cameron where modern machinery has been installed, including steam for power. This plant manufactures truck bodies, axe, hatchet and maul handles and all wood products of this character including wagon spokes and fellows. The timber for these products are cut and hewn in the forests of Milam county and transported by

truck to the mill.

The Cameron Water, Power, and Light Company, manufacturers of power and ice occupy a large place in the industrial system of Cameron. This plant is one of the oldest of our public utilities has played a large part in the building of Cameron. With its large plant it is able to meet all power needs and supplies the city with ice, shipping in quantities as demanded by the trade. The water system in Cameron gives an abundant supply both for consumption and for fire protection.

Under the head of industries will come the public utilities of every character. Among the leading utilities is the telephone exchange owned and operated by the Southwestern Bell Telephone Company. Cameron has one of the largest and best exchanges in Central Texas, being served with automatic telephones. The office under J. R. Tucker is meeting the growing demands on the service of the telephone system here.

Another big asset in the way of public utilities is the telegraph service in Cameron. The Western Union and the Mackay have well established plants in Cameron, annually handling a large volume of business here. The Mackay also operates a telephone system here and handles the market reports. Mrs. George D. Fisher is manager of the Western Union while the Mackay is managed by Dan Tyson.

Cameron has three modern bakeries that annually sell a large volume of their products for local consumption as well as ship out bread and pastries in a large measure. The bakeries of Cameron make a very strong link in the industrial chain that girds the commerce of the community. These bakeries are the Model Bakery, City Market and Bakery and the Lone Star Bakery.

Corn meal and other food stuffs are manufactured from the electric grist mill of A. N. Weems, making an important industry for Cameron.

Cameron with its exceptional advantages as to location an commerce and fuel supply offers great inducements to industries of manufacture.

### CAMERON RAPIDLY BECOMING GREAT JOBGING CENTER.

Cameron has become a great jobging center and annually there is distributed from the warehouses of the wholesale dealers here millions of dollars worth of merchandise to a territory that is rapidly increasing in size and consumption.

The jobging industry in Cameron represents a very large part of the commercial fabric and is the avenue through which a monumental aggregate of wealth is annually distributed.

### SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

This preparation is a toilet requisite and is not intended for the cure, mitigation or prevention of disease.

in this city and trade section.

The jobging industry in Cameron owes its growth and development to the splendid territory of which this is the center. There is a large number of contributing factors to the promotion of industries of this kind, one of them being the excellent rail facilities here affording a fine means of distribution by rail of products not easily handled by the short haul lines of motor trucks.

Good roads in recent years have made it possible for jobbers to serve all of their immediate territory by truck and a large fleet of these motors are daily in operation from the warehouses of the local jobbers. Tributary towns, both rail and inland from which merchants find it profitable and convenient to order shipped from Cameron jobbers, increase the strength of Cameron as a jobging center. The city is ideally located. More than a score of mercantile centers are tributary to the jobbers of Cameron, each supported by excellent territory and the best of conditions under which to promote retail industry.

Among the big assets of Cameron is her jobging interests. The city has this big advantage to offer, making it desirable for all merchants to carry on their business through the jobbers here.

The Robert McLane Company the largest jobbing house in Cameron, is one of the oldest and best established institutions in Central Texas. The volume of business done annually by this big firm is enormous. The company has a branch wholesale house in Caldwell from which point a large territory is served.

The Robert McLane company operates a large number of motor trucks from its Cameron office, serving a large mercantile territory and is one of the leading factors in the list of commercial advantages that put Cameron in the lead.

Balhorn & Company, organized in 1920, has become a big factor in the distribution of goods from Cameron. This company while only recently organized has grown fast and today is operating trucks out of Cameron serving a trade which has embraced the territory tributary to Cameron. This company is contributing its full share to the growth and development of Cameron as a jobging center, attracting trade and promoting merchandising interests.

The Cameron Fruit Company has become the largest distributor of fruits on a wholesale scale in this section of the state. This company, established only a few years ago has developed to be one of the leading wholesale establishments in Cameron, annually distributing products to a big area of territory in Cameron and adjacent. This company operates a string of motor trucks for city and territorial trade. It is doing much to perpetuate the commercial leadership it has helped to bring to Cameron.

Cameron has a varied jobbing interest. P. O. Adams & Company, are local distributors for knit goods, having been engaged in business in Cameron for a number of years and doing a large business in this and other sections of the country. This company employs salesmen and has given to Cameron a distinction true of a few other cities in this section in that it has played so large a part in increasing the volume of trade annually.

Cameron has a number of other big interests that contribute in a large way to the general volume of business done here.

## Children Cry for Fletcher's

# CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment. Never attempt to relieve your baby with a remedy that you would use for yourself.

### What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

## The Newspapers of Texas

have been virtually unanimous in urging our legislature to pass an Optometry Law similar to those in force in EVERY OTHER STATE. The people of Texas should be protected from the "eye glass faker" and an Optometry Law is the only means of gaining this protection. See your Legislators and request them to favor the law regulating the fitting of glasses in this State so that the "quacks" may be kept out and our citizens protected.

## THE AMERICAN CREED.

I believe in the United States of America as a government of the people by the people for the people—whose just powers are derived from the consent of the governed—a democracy in a republic—a sovereign nation of many sovereign states—a perfect union one and inseparable—established upon those principles of freedom, equality, justice and humanity for which American patriots sacrificed their lives and fortunes.

I therefore believe it is my duty to my country to love it—to support its constitution—to obey its laws—to respect its flag—and to defend it against all enemies.

## FOR THE SOVERIGNTY OF THE STATES.

Those who believe in America as a government of the people, by the people and for the people and whose just powers are derived from the consent of the governed; that America is a sovereign nation of many sovereign states, must view with alarm the continued encroachment upon the rights of the states by the Federal Government.

That conception of Democratic Government which recognized the rights of the states and liberty and freedom everywhere, though coming as the masterpiece of world governments at the instance of patriots whose memory has been sacred to civilization and the guide to a great destiny has been tampered with to an alarming degree and its restoration must come if a free government must longer endure.

Summing up the aspirations of Senatorial candidates in Texas who want to sit at the seat of government as servants of American sovereigns we find with a gratifying sense of observation that the question of state rights has been raised. And let us hope that the campaign will be fought out on the lines of representative government, the lack of which has become so apparent in our national life.

Whatever may be the merits of the respective candidates who have offered for the United States Senate in Texas the question of the rights of the states must be followed by the electorate of the state in selecting a senator from Texas.

Without committing its influence to the candidacy of either of the candidates now offering for the senate The Herald, in justice to the position taken by Earle B. Mayfield, agrees that the railroad commissioner has raised an issue of tremendous significance in challenging the authority of the Commerce Commission to set aside the rights of the Railroad Commission of Texas to set rates and regulate the operation of roads in Texas.

The act of the Commerce Commission is but one of the many deplorable infringements of the Federal Government on the rights of the states during recent years. It has rendered inactive the railroad commission in Texas and in so doing has placed an almost unbearable burden upon the people.

The Federal Government has placed the railroads of America in four zones and assessed the valuation of the properties and is now enforcing a rate to guarantee an income fixed by the Commerce Commission. It is needless to say that the valuation fixed is excessive and constitutes an almost criminal disparagement of the cherished tradition of the rights of peoples to govern themselves and to solve their own problems of state.

Whatever the merits of Mr. Mayfield's candidacy, and they seem formidable, it can be said that he has at least come out in defense of Democratic Government.

## Early Church History Given In Letter To Jeff T. Kemp

Organization of a Presbyterian church in Milam county which took place near three-quarters of a century ago is told in a letter written to Mr. Jeff T. Kemp of Cameron, by E. P. Lea of Brady, Texas.

This letter gives interesting facts concerning the organization of the Presbyterian church in this county and is as follows:

Brady, Tex., Nov. 22, 1918.  
Mr. Jeff T. Kemp,  
Cameron, Texas.

Dear Sir:

Your letter of November 15th has just been received and I am glad of the privilege of giving my assistance in saving the precious sentiments of early Texas History. And now to the work, my father, Aaron V. Lea moved from Caddo Parish, Louisiana, in an ox wagon in December, 1849, to Elm Creek in Milam county, Texas, arriving there early in January, 1850. I suppose about 1852 Rev. Hugh Wilson was occasionally visiting us and holding a two-days' meeting and administering the Lord's Supper. He lived in String Prairie, in Burleson county, Texas. He had a church in his own neighborhood. About that time Rev. Mr. Black was an evangelist of the Presbyterian church and visited us and organized a church and named it "Elm Creek Church." My father and Mr. Joe Hobbs were the elders. Mrs. Job Hobbs and her brother, Mr. Frazier, were charter members, and there were two negroes, Adeline and William who belonged to our family, and Henry, a carpenter, who belonged to Mr. Alsy Allen who lived on Walker's Creek or Indian Creek, as it was also called. My father's home was about 5 miles a little east of north from Cameron. After my father left that place it was known as the Jack Smith place. Mrs. Ann Pickens was a member also of that church. Mr. Hobbs and all of his charter members moved in 1854 to Deer Creek in Falls county, except two, Mr. Frazier was drowned in Little River not far from Cameron and Henry, the colored man remained with his master on Walker's Creek. After we all moved to Deer Creek, the name of the church was changed to "Carolina," nearly all the members being originally from North Carolina. I think I am the only living member of that original organization, and I am nearly 74 years old, am a native of Texas, was born in Panola county December 19th, 1844, and joined the Presbyterian church at 8 years old and have been a member ever since.

I have just completed a history of Deer Creek, from the day of my father's settlement there to 1861. If there are any other questions I can answer for you I shall be happy to serve you.

Yours truly,  
E. P. LEA.

P. S.—My father moved from Panola county, Texas, to Caddo Parish when I was about two years old.

(Continued from Page One)

definite action was taken.

C. W. Lawrence called attention to the high insurance rate on cotton stored in local warehouses, stating that steps should be taken to lower the rate. Upon motion from W. W. Chambers, seconded by C. R. Phillips a committee was appointed by the chair to confer with the manager of the local yards and invite him to be present at a meeting of the club to see what could be done toward lowering these rates. The following committee was appointed by the president: C. W. Lawrence, chairman, W. H. Triggs, H. M. Hefley, J. C. Joseph.

Giles L. Avriett, chairman of a committee appointed to investigate the Commission form of city government and to report on the merits of same, reported that his committee had made a thorough investigation of both the plain commission form and the commission-city manager form of city government and had found the latter to be highly satisfactory wherever adopted. They, therefore recommended the commission city manager form for the city of Cameron and recommended that an election to determine whether or not the people want the new form adopted, be held in February, 1922, in order that the present officers might fill out the unexpired terms in case the Commission-manager form is adopted.

A motion was made by Jno. E. Mangum and seconded by R. H. McIntosh, that the report of the committee be adopted by the club. There was much discussion at this point, Messrs. Chambers, Avriett, Phillips and Levisovsky speaking in support of the motion and Messrs. Henderson and Lawrence wanting to defer action until a later date. Mr. Henderson stated that the matter should be postponed until December and Mr. Lawrence wanted to defer it at least until membership meeting. Mr. Henderson offered an amendment to Mr. Lawrence's motion, the amendment being to file the report until some future date when more members were present. There being no second to the amendment, the original motion was put before the house and carried.

Mr. Porter, of Rockdale, came before the club with an idea about the establishment of a co-operative market for the by-products of the farm. Upon motion from W. G. Gillis, seconded by W. W. Chambers, the matter was submitted to the Home Industry and Factories committee.

## NOTICE.

This is to give notice to the public that cotton receipt No. 112,371, issued in the name of T. A. Casey, on the 3rd day of June, 1921, by the Cameron Compress Company, for one bale of cotton delivered by him to that Company, has been lost, and that the undersigned is the legal owner and holder of said cotton, and the public is warned not to accept said receipt or to deal with same in the hands of any other person.

## Cullan Thomas to Speak In Thorndale Monday

Cullen Thomas who will become a candidate for the United States senate will address the citizens of Thorndale Monday at the Trades Day celebration. Mr. Thomas is scheduled to make a patriotic address and will likely discuss some of the issues in national politics.

It is planned that a number of his

friends in Cameron will go over to Thorndale to welcome him to the county and to hear his address.

Fred M. Herndon, managing editor of the Thorndale Champion was in Cameron Wednesday and announced the engagement of Mr. Thomas in Thorndale.

(Continued from Page One)

supreme grand master of the universe for the gift of such a beneficent boon as Free Masonry.

History tells us of the trials and persecutions inflicted upon our ancient brethren because of their unshaken faith in the teachings of Free Masonry—and yet they proved themselves "workmen that needeth not be ashamed," for they saw in our human form of Masonry the reflected image of the infinite.

The great light in Masonry contains this passage. "Know ye not ye are the Temple of God, and that the spirit of God dwelleth in you." In this is seen the duality of Free Masonry, and by this is meant that strange mysterious dwelling in the body of our organized Masonry the spirit of Masonry.

Although this is incomprehensible to us, so is a similar blending of the spirit of man in the body of man, also incomprehensible to our finite minds, and yet it is an accepted fact. If we accept it in the human being, why not accept it in regard to Free Masonry.

If man's nature is part human and part spiritual, and if Masonry was designed by the Great Creator to minister to man's necessities, how could Masonry fulfill its mission unless it too was spiritual as well as natural.

This therefore, is in harmony with divine revelations, Masonic traditions and is not contrary to human reason. This theory of the duality of Masonry is also in harmony with the accepted duality in man.

David prayed to God, "cast me not away from thy presence—and take not thy holy spirit from me, restore unto me the joy of thy salvation and uphold me with thy free spirit."

We know from observation and experience that when the spirit of Masonry is fully reflected in the life of a Mason, or in any Masonic lodge, or other body of Masonry that it exerts a great power for good in the world, and we also know that when that spirit is wanting, Masonic life and influence ceases, just the same as human life and influence ceases just as soon as the spirit leaves the body of man.

We learn in Masonry "that it is internal" and not "the external" that Masonry regards. Masonry is here in its own quaint ancient way calling our attention to the spiritual excellence of the real essential part of Masonry that must have its abode within us, for, unless it does, and unless we are vitalized by the indwelling spirit of Masonry, our profession is in vain, and it will, so far as we are concerned, cease to exert a good influence in the world.

The spirit of man is the life of man, and the spirit of Masonry is the life of Masonry.

Let us realize that God is the author of our great and glorious institution, that its divine truths were revealed by Him to the earliest representative of our race, that these God given principles have been espoused and practiced in every age of the world, and that Masonry is infinite, eternal and spiritual, and that to be a Mason in deed and in truth, the spirit of Masonry must dwell within us and dominate our lives.

Over two thousand years ago, Gamaliel a learned Doctor of the Jewish law was asked about a thing called Free Masonry, when he gave expression to this truth. "If this counsel or this work be of men it will come to naught, but if it be of God ye cannot overthrow it."

The survival of Masonry throughout the ages, when all else has passed away is one of strongest evidences that we have of its divine origin, and it behooves us to so live and keep intact the beauties of the profession, that we may hand it down to future generations with the same vitalizing influence that it came to us.

So let us study it in the light of its own God given revelations, practice its principles and worship the God of Masonry at its altars so long as we live.

## FINDS LARGE DEMAND FOR MEDICINE MADE BY CAMERON FIRM

Development during the past few years has brought excellent opportunities to the progressive business man with equipment and foresight so that the preponderance of manufacture is no longer centered in the north and east. The pendulum is swinging to Texas and to Cameron.

During recent years Cameron has witnessed a number of successful manufacturing enterprises of various kinds but none more successful or more widely patronized than the Star Products Company, manufacturers of a number of remedies.

The Star Products Company has made famous its Blue Star Remedies now employing salesmen to distribute them to practically every section of the state and south. All of these remedies are compounded in Cameron in the laboratories of the Star Products Co. T. J. Avera has during recent months increased his output of these products and is attracting a large amount of trade to Cameron as well as advertising the city and its advantages.

## COLQUITT IN RACE FOR U. S. SENATE

### STATEMENT MADE IN CAMERON DURING CAMPAIGN BACKED BY OFFICIAL ANNOUNCEMENT.

Austin, Texas, July 22.—Former Governor O. B. Colquitt of Dallas, who is in Austin today, announced that he is a candidate for the United States Senate, subject to the action of the democratic primaries in July 1922.

Governor Colquitt said that he would make the race on a platform of State rights, reduction of the tax rate and in opposition of centralized government, and to return to the system of running the state government on \$10,000,000 for two years, as was done during the first two years of his administration.

Governor Colquitt also said he would support the paying of a bonus to the soldiers who fought in the world war.

It will be remembered that when former Governor Colquitt spoke for Joseph W. Bailey in the recent campaign for governor in Cameron that he made the statement that he would likely be a candidate for United States Senator.

Mrs. Allen Hooks of San Antonio, is in Cameron this week the guest of Mrs. L. S. Bigbee and other friends and relatives.

## WHY THE FRENCH FAILED.

The French made a tragic failure at building the Panama canal because the great loss of life on the Isthmus from the ravages of malaria and yellow fever made it impossible to keep the necessary man-power to accomplish the task.

When the United States undertook to accomplish the big job and finish the uncompleted work, the first efforts were spent in making it safe from these diseases.

The canal is complete and the loss of life occurring during its building is negligible as compared to that suffered by the French.

All this was accomplished by the application of sanitary measures. First, by insuring wholesome water supplies. Second by screening all living quarters to prevent the entrance of mosquitos which carried malaria and yellow fever. Third, by oiling or draining all water pools which might offer a breeding place for those mosquitos. Fourth by keeping cut away all unnecessary vegetation which might harbor mosquitos.

So effective has been the work that today a mosquito or a fly in the canal zone is almost a curiosity. The health is better and the death rate lower than in many parts of the United States.

Scores of towns in the Southwest, in Arkansas, Missouri, Oklahoma and Texas, can take a leaf from the Panama Canal experience. Malaria is the scourge of many communities, yet little is being done to check the malarial. Is your community one of these?

Local interest and co-operation with the state health campaign against malaria will do the job.

## No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a general strengthening tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 75c per bottle.

## INSECTS

SUCH AS BED BUGS, FLIES, ANTS and MOSQUITOES. Quickly and easily killed with MARTIN'S SURE DEATH SPRAY. It does not stain. Guaranteed by Schiller's Pharmacy.

## Woman Tared and Feathered in East Texas Town

Shreveport, La., July 17.—Mrs. Beulah Johnson was taken from the porch of a hotel at Teneha, Texas, stripped, tarred and feathered, according to advices reaching here today.

The attack on Mrs. Johnson, which took place last night, was said to have been made by masked men, wearing uniforms. They are said to have driven up to the hotel in three automobiles, filed out, displaying firearms and to have taken the young woman into one of the cars. The automobiles proceeded to a point several miles into the country where Mrs. Johnson's clothing was removed and she was given a coat of tar and feathers. She was then placed in the automobile and returned to the town. Mrs. Johnson claims to have been working at the hotel as a maid and cook. She says she did not know any of the men in the automobiles and they were all masked. Late advices are that Mrs. Johnson has been arrested on a charge of bigamy in Shelby county, Texas and taken to jail at Center, Texas.

Beating of a man named McKnight of Nacogdoches, Texas, by masked men at Timpson, a nearby town, is reported here as another Saturday night development in border towns.

## JAPANESE PARTY.

Mrs. Andrew Freeman entertained Tuesday night with a 42 party in honor of her niece, Miss Emma Atkinson, of Maysfield, and her two guests Misses Virginia McKinney of Stamford and Mary Stoll of Lampasas. Other out of town guests were: Mr. and Mrs. Lansom, Miss Cornelia McGuire, Messrs. Wm. Freeman and Cawell Tyson all of Maysfield.

The whole party was in Japanese style. It was on the lawn and brilliantly lighted with electric lights and Japanese lanterns besides a real full moon.

The guests were welcomed by Mesdames Freeman, Hubert Atkinson, Ben Atkinson, John Watson, and piloted to the tea arbor, by Miss Lillian Atkinson and were served tea, Japanese style, by the little Misses Atkinson and Hubert Freeman.

Eight tables were arranged covered with pink and blue Japanese crepe.

Tally pads were the hand work of Miss Cornelia Wallace and were used as table favors and cut for at the close of the games. Score cards featured Japanese scenes. "84" favors were Japanese novelties, fans, parasols, etc.

Miss Cornelia McGuire and Mr. Claff won most "84" favors.

At the close of the evening's pleasure Mrs. Freeman served delicious pink and white brick cream and white cake iced pink, with little Japanese fans and parasols as plate favors.

## BIRTHDAY PARTY.

Little Miss Bess Mangum invited about forty little boys and girls in to celebrate her fourth birthday with her last Monday afternoon from 5:30 to 7:30 o'clock.

They came laden with gifts for little Bess; fans, beads, silk socks, silk handkerchiefs, perfume and many other things little girls love.

All sorts of games were played on the lawn while they enjoyed chewing gum and all kinds of candy.

The front porch was strung with balloons of every color.

Mrs. Mangum was assisted by Mesdames Judd Davis, George Graves, Henry Hefley, Misses Edna Sprinkle and Maurine Clinton.

After the games the white cake was cut and the gold ring fell to John Mangum Jr., and he in a courtly way, turned and presented it to his little sister, Bess. The dime fell to little Miss Goodwin, and the button to Mary Virginia Bowls of Dallas. Ice cream cones followed after which each child's heart was made happy with a balloon and they danced and played all over the yard with them before wishing little Bess good-bye and happy returns of the day.

## MISSIONARY SOCIETY.

Mrs. R. L. Batte, Sr., was hostess to about thirty ladies last Monday afternoon, naming Mrs. Key's mother, Mrs. J. B. Sears, of Dallas, as the honor guest.

Mrs. Batte's home, as usual, was beautifully decorated; each room in a different color.

Mrs. Jeff Kemp led an interesting lesson on China.

Mrs. Mac Harvey served delicious punch under a sunflower arbor.

After the lesson and a social hour Mrs. Batte, assisted by her charming little daughters, and Mrs. Mac Harvey served a delicious course consisting of chicken salad, sandwiches, olives, pickles and ice tea.

Out of town guests were Mesdames J. B. Sears of Dallas, John Walker of San Antonio, and Odie Anderson of Fort Worth. Mrs. Batte presented Mrs. Sears with a beautiful gold pin as a souvenir.

## FORTY-TWO PARTY.

Last Thursday afternoon Mrs. Simmie Burns was hostess at a delightful "42" party. The home was beautifully decorated in all colors of cut flowers, yellow marigold, purple perianth phlox, pink and red roses, and pink crepe myrtle.

Seven tables were arranged and covered with yellow, purple, lavender, red, green and pink covers, with a bowl of flowers on each to match the cover. Score cards were the artistic work of her husband and were miniature fans and they also matched the table covers in color.

Electric fans were placed in each room for the comfort of the guests.

Seven spirited games were played and at the close Mrs. Burns put a red fan tied with a bow of ribbon to match the table covers on each table as table favors and seven ladies went away with the beautiful trophies.

Assisted by her mother, Mrs. John Dobbins and Misses Mary Burns and Olive McGehee Mrs. Burns served a most delicious combination salad and ice course, consisting of chicken salad, pineapple salad, olives, lettuce sandwiches, wafers and orange ice.

## MOONLIGHT FORTY-TWO PARTY.

Mrs. Simmie Burns was hostess to the Kilkare Sigma Phi maids and matrons and a few others last Friday night.

The yard was beautifully decorated and brilliantly lighted with electric lights, Japanese lanterns to help the moon.

Seven tables were arranged and the same color scheme carried out as on the previous afternoon.

A delightful south breeze took the place of the electric fans and a most joyous evening spent.

Read fans were table favors and were cut for. After the games Mrs.

Burns, assisted by her mother, Mrs. John Dobbins, Misses Mary Burns, Olive McGehee, Connie and Vance Collier, served a delicious combination salad and ice course consisting of chicken salad, pear salad and olives lettuce, sandwiches, wafers and sherbet.

## BRIDGE PARTY.

Miss Aetna Smith entertained last Saturday night with a bridge party in honor of her cousin, Mrs. C. C. Slaughter, of Dallas.

It was a get-together of the old crowd of several years ago, and was a most enjoyable affair.

Three tables were arranged and a number of interesting games played after which delicious pineapple sundae and individual cakes were served.

Out of town guests were: Mesdames C. C. Slaughter, McHenry, Misses Susie Pope and Lilla Bassett, all of Dallas.

## PRESBYTERIAN AUXILIARY.

About ten ladies met at the church Monday and Mrs. Frank Lesovsky led an interesting lesson on Missions in Korea.

Reports were given by leaders of each circle which were gratifying.

## PICNIC AT BATTE'S PARK.

A few couples motored out to Batte's park last Saturday night and enjoyed a nice supper in the moonlight. Mrs. Stanley Bowls of Dallas, chaperoned.

Mrs. Martha Sheppard is visiting friends in Marlin.

Our work is guaranteed to give satisfaction. Suits cleaned and pressed \$1.00.

Miss Manie Black of Corpus Christi is visiting Mrs. Jeter's family.

Mr. Stanley Bowls came in from San Antonio to spend last week end with his wife and baby, leaving Monday for Dallas.

Miss Maggie McCauley came home from Georgetown, where she has been visiting her sisters for several months.

Mr. Eberwin, Mrs. Allen Hooks and Mrs. Lottie Bigbee motored to Marlin Monday, returning Tuesday evening.

Mrs. Guy Slocumb is visiting her mother in Temple for a few days.

Mr. Martin Ruby went to Lubbock last Tuesday. He will return in a few days to accompany his wife and baby home.

Mrs. Dick Clark visited her sister in Waco Monday, returning Tuesday.

Mrs. Ella Hooks visited her daughter at Denton last week, returning Sunday.

Mrs. Peudet of Dallas, visited Miss Ruth Wiley last week end.

## CHEAP LUMBER.

I will tear down a school building at Varrellton and sell lumber there for one week, commencing July 25th.

12-15-p J. T. WESTMORELAND.

## Buick Delivered 13,750 Autos To Owners in June

### SALES DEPARTMENT MAKES PUBLIC FIGURES COMPILED FROM REPORTS OF DISTRIBUTORS.

Figures that reflect the strength and potentiality of the United States and one of its greatest industries were released for publication today by the Buick Motor Company. They show that during the month of June just past, 13,759 Buick automobiles were delivered into the hands of owners. All these cars were six cylinder models, ranging in price from \$1,495 to \$2,685.

The figures were compiled from reports received from every branch and distributor in the country and they represent in the most convincing way the position which Buick occupies in the minds of the buying public.

Still Handling Big Figures. "Someone has said that the automobile industry was through with big figures, but these totals decisively prove the contrary," said E. T. Strong, General Sales manager, who made the announcement. "They evidence that the automobile industry has earned right to the title of one of America's greatest industries, and that the spirit of pessimism which was prevalent in some quarters did not faithfully represent the sentiment of the public upon whom the industry depends for its success or accurately measure the extent of the transportation needs of the country."

"The fact that nearly 14,000 Buick cars were placed in the hands of owners in the month of June should not be regarded as astounding or phenomenal. Instead the figures can be interpreted as a concrete demonstration of the tendency of the people to invest in a product which they want and need."

## LOCAL AND PERSONAL

Premier and French's mayonnaise salad dressing. Giles L. Avriett.

Mrs. C. D. Crossman of Garland, is visiting Mr. and Mrs. J. C. Tucker.

## LOOK LADY!

We have some fly "swatters," and just as long as they last you are as welcome to them as the flowers in May, whether you buy anything or not. Just send one of the children down for them or tell "him" to come by on his way to dinner.

These are good Fly Swatters, too. Just like Jeter's Lumber, Paint and Coal.

Of course if you need some screen wire, or a screen door, or any building material, or Paint or Coal, we'll be mighty glad to have the business. By the way,—prices are not going down—and the longer you put off your improvements or remodeling, just much longer you'll be out the use and advantages of them. There's nothing to be gained by delay.

CAN YOU AFFORD TO WAIT?

## JETER LUMBER CO.

## Cameron Cotton Gins Handle Enormous Annual Tonnage

Cameron, located in one of the best cotton growing regions of Texas, prides itself in the maintenance of four of the best and most modernly equipped cotton gins in this section of the state.

These gins while large and modern in every detail work double shifts during the ginning season and in the aggregate turn out more cotton for the market than any other four gins in Texas, if the wagon receipts of cotton is taken as a basis of calculation. Cameron, according to a recent report of the Federal cotton classifier here, was leading all other towns in the state in the number of bales of wagon cotton received.

R. L. Batte owns and operates three cotton gins in Cameron as well as a number of gins and oil mills in other sections of the county.

A. N. Weems operates one of the largest and best equipped gins in the state in Cameron. This gin is electrically driven, but Mr. Weems has recently installed storage for fuel oil for this gin.

It is estimated that the capacity of the Cameron gins is more than 200 bales daily.

The operation of these gins with their modern equipment makes it desirable for farmers in all sections of the county to market their cotton here. The cotton gins of Cameron rank among the best and most important of our industrial assets. The cotton is ginned at rates that make it attractive to bring it here and in addition to the gin facilities the farmers and cotton buyers have the advantage of better railroad facilities and one of the best compresses in this part of Texas.

While the Cameron compress was destroyed last year by fire a new and more modern plant is to be installed. Work has begun on this plant which is to have the most modern equipment of the day as well as two rail services.

Farmers find it profitable to bring their cotton to Cameron because of these facilities.

### NOTICE IN PROBATE.

THE STATE OF TEXAS,  
To the Sheriff or any constable of  
Milam County—Greeting:

You are hereby commanded to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the County of Milam, State of Texas, and you shall cause said notice to be printed at least once each week for a period of ten days exclusive of the first day of publication before the return day hereof:

### NOTICE.

To all persons interested in the Estate of J. N. Harris, deceased and S. A. Harris, deceased, notice is hereby given that Thos. V. Adams has filed in the County Court of Milam County an application for administration on the estate of J. N. Harris, deceased, and S. A. Harris, deceased, which application at the next regular term of the County Court of Milam County, Texas, which will convene on the first Monday in August, same being the first day of August, 1921 at the Court House thereof, in the city of Cameron, Texas, at which time all persons interested in said estate may appear and contest said application, if they see proper.

Here fail not, under penalty of the law, and of this writ make due return.

Given under my hand and seal of office, in the city of Cameron, Texas, the 19th day of June, A. D., 1921.

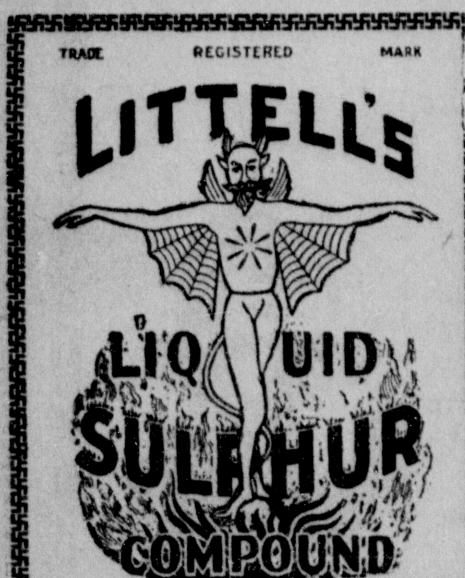

Attest:

WILL T. YATES  
Clerk County Court,  
Milam County.

By LENA YOE, Deputy. 12-31.

### Piles Cured in 5 to 14 Days

Druggists refund money if PAZO OINTMENT fails to cure itching, burning, bleeding or protruding piles. It instantly relieves itching, burning, and you can see results after the first application.

It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbe which is the cause of the eruption, thus curing the disease completely.

Littell's Liquid Sulphur Compound is used in all cases of Eczema, Tetter, Barber's Itch, Psoriasis, Herpes, Rash, Oak and Ivy Poisoning, also for relieving the annoyance caused by chiggers and mosquito bites.

In the treatment of ECZEMA—the most painful and obstinate of all skin diseases—it is one of the most successful remedies known.

Small size 50 cents bottle. Large size \$1.00  
JAMES F. BALLARD, Prop. St. Louis, MO.

### H. M. STONEBRAKER TO LEE LIVE STOCK COMMISSION COMPANY.

Living a well rounded out, busy life, characterized by a high sense of honesty, unceasing energy, and broad-gauged methods, has made Mr. Stonebraker good friends wherever he went, and now they will be glad to hear of his recent connection with the Lee Live Stock Commission company, one of the oldest and strongest firms operating at the Kansas City Stockyards. Mr. Stonebraker extends a cordial invitation to all his old friends to meet him at his new location and assures them they will always find a welcome.

In 1885 Mr. Lee had financial reverses but paid back his creditors one hundred cents on the dollar together with interest. It taught him the possibilities of turning liabilities into assets, and since that time he has taken over many extra good men, put them on their feet, and made capital of what often seemed failure.—Eureka (Kansa) Record.

### FORMER THORNDALE MAN ENDS LIFE AT SHINER.

(Thorndale Champion)

Dr. P. A. Ramsel a prominent physician and surgeon of Shiner, Texas, ended his life July 2, 1921, with a 32-calibre pistol, having first taken a dose of poison—no reasons being given for the deed.

Dr. Ramsel was raised in Washington county, Texas, and moved with his family to Rockdale in 1899, and after living there two years came to Thorndale where he built up a big practice in partnership with Dr. L. L. Lee. He belonged to the sons of Herman and at one time the K. of P. Lodge. He left Thorndale eight years ago and a year or two later established a sanitarium at Shiner, Texas. He would have been 60 years of age the 8th of the coming October.

Dr. Ramsel leaves a widow—Mrs. Frances Ramsel and two daughters, Misses Zalma and Cornelia, of Thorndale, and one daughter, Miss Pansy Ramsel at Yoakum—the former two attended the funeral which took place Sunday at Giddings, Texas.

### No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 75c per bottle.

### OLD SETTLERS PLAN CAMP ON BANKS OF SAN GABRIEL RIVER

Georgetown, Texas, July 16.—The Williamson county Old Settlers association will hold the annual reunion August 8 to 13 inclusive, the encampment to be held on the old settlers grounds for the week's pleasures. There will be an old fiddlers contest. A splendid bathing pool on the river will furnish swimming recreation for all, boating will be on the program and various other amusements and pastimes will make old settlers week a season of rest and recreation for young and old.

Hon. J. H. Faubion, of Leander is president of the association, and expects to spend the week tenting on the grounds.

### RED CROSS INFORMATION.

#### Malaria.

In many communities where malaria prevails as many as 40 persons out of every 100 population have the disease during the course of the year, or an average of two in each family, or 200

persons in a town of 500.

If only half this number, or 100, are wage earners at \$4 per day the financial loss from an average 100-day loss of time from malaria may be estimated at \$4,000, not including the expense of medical attention, and nursing, which will easily amount to \$20 per case.

In malarial districts each family, under present conditions, will have some member or members contract malaria at least once every two and a half years, according to the law of averages.

Can you afford it?

Do you know how to insure against malaria? It can be done in your community. Ask your state health officer or the local Red Cross for free information.

### No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 75c per bottle.

### PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache, no hawking, snuffing, mucous discharges or dryness; no struggling for breath at

night. Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly.

It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.

## Hot Water Each Morning Puts Roses in Your Cheeks

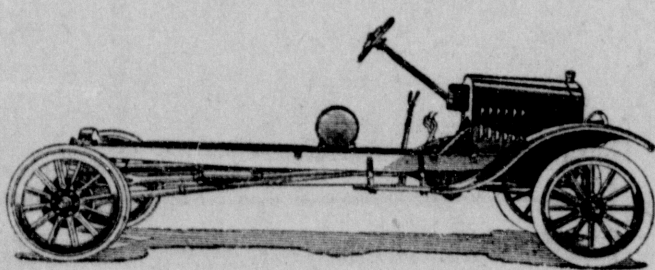

To look one's best and feel one's best, to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisons, also those who wake up with a coated tongue, bad taste, nasty breath, bilious spells, acid stomach or constipation should begin this phosphated hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

Women who desire to enhance the beauty of their complexion should just try this for a week and notice results. ing, sweetening and purifying the entire

## THORNDALE TEAM PLANS LONG TRIP

SOUTH TEXAS TOWNS AND TAM-  
PICO, MEXICO AFTER GAMES  
WITH OUR BOYS.

(Thorndale Champion)

The Thorndale team has been conceded the Champions of Central Texas and have attracted much favorable attention in South Texas and even far away Mexico. Requests for games in these sections have come to manager Hope Camp who is considering a trip with the team that will include games in Austin, San Antonio, Victoria, Tampico, Mexico and other points in South Texas and Mexico.

"Plans for the present are merely being considered," manager Camp stated Monday to The Champion and it is not definitely settled that we will go, he said. "We have had some offers and they are apparently attractive enough and it may be possible that we can arrange a schedule that will be satisfactory."

A proposed line-up of a traveling team has not been worked out as the trip is not yet a certainty, but possible players include McMillan our star twirler, F. Hudspeth of Sharp and John McCall of Elgin, pitchers of known qualities, Arthur Allen, Thorndale's wonderful back stop, Collie Falk of Cameron as first baseman, Arthur Falk of Thorndale for second base, Dudley English the best all-round player in Central Texas, for third base with Joe Ellis and George Johnson and Marlin Lewis as out field gardeners.

This will give the Thorndale team the strongest line-up of any team in the state outside of the big league and would prove a great drawing card wherever they played. Aside from a winning team the trip would be worth thousands of dollars in advertising Thorndale.

## IS THERE ANY "FORCE OF EXAMPLE?"

Two young women in a motor car on a Fannin county highway last Sunday added, for the rest of us, still another item to the innumerable items of proof that "Death waits around the bend in the road"—when the bend is "Sharp" and the car's speed is "high." These two met "him" in the ditch into which the machine swerved.

On the face of things all the published accounts of the quietus which the turn in the road, the grade cross-and the "concealed" corner make for reckless motorists, and all the published comment on the inescapable "physics" which are defied by their practices, do no good. But that is merely superficial view. In reason, it is unthinkable that each of such horrors as that of July 3 on the road near Bonham does not force some man or woman to think and act upon the principles of automotive safety—for a change. Drivers are myriad; each victim of a smash-up on grade crossing, city street or country highway is survived by relatives and friends who drive motor cars, and must serve to warn some stranger, besides, as to when his own recklessness will be beyond "mending."

This is a grim matter of country-wide scope in which, above most other matters, "experience is the extract of suffering." Are you minded to make the experience—and the suffering—your own?—San Antonio Express.

## No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a general Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 75c per bottle.

## MEAT CAUSE OF KIDNEY TROUBLE

Take a glass of Salts if your Back  
hurts or Bladder bothers—Meat  
forms uric acid.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

## THORNDALE 5; BEAR CATS 6

FOURTEEN INNING CONTEST  
NECESSARY TO DECIDE THE  
WINNER.

(Thorndale Champion)

Thorndale won its 21st victory of the season in the prettiest and most exciting battle ever staged in Central Texas on the home grounds here Sunday afternoon when they defeated the fast Cameron Bear Cats 5 to 4 in a fourteen inning game before more than a thousand fans from all parts of the county.

The Bear Cats out-hit the home boys two to one but McMillan never failed to tighten in the pinches and slip the "dark one" across that would retire the batters in apple pie order.

To Culver goes the credit for this hard fought victory. A triple, a double and a single netted the two runs necessary to tie the score in the 8th and also resulted in the final score in the 14th that broke up one of the prettiest pitching contests ever waged on the local lot.

Thomas for Cameron, recently arrived from Wichita Falls pitched a superb game for an overworked and over-traveled pitcher and would have been returned the winner in this game had not an untimely error in his support allowed Thorndale to put over the winning score.

These teams are to play again here Monday afternoon, Trades Day and it is expected that Cameron rooters will bring their band along for the occasion.

The score: R. H. E.  
Cameron 4 12 3  
Thorndale 5 6 2  
Batteries: Cameron, Thomas and Hart. Thorndale, McMillan and Allen.

## THORNDALE BASEBALL NEWS.

(Thorndale Champion)

Marlin Lewis the hard hitting first baseman of the Thorndale team had a finger dislocated in the first inning of the fourteen inning game with Cameron and had to be relieved. He will be out of the lineup for some time and will be greatly missed.

Kenneth Culver, the fast little outfielder of the locals has been playing great ball all season but outdid himself against Cameron Sunday by his good hitting and fast fielding.

Bartlett McMillan, Thorndale's pitcher, twirled a great game against Cameron Sunday and drove out two hits which helped in the scoring.

George Johnson, outfielder, has left

## You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

for a weeks' trip to Chicago but is expected back in time to appear in Sunday's lineup. George is our leading hitter.

Arthur Allen, who is conceded to be one of the best catchers in this part of the state, caught his usual good game against Cameron.

People from all over the state have been praising the good baseball field which Thorndale has built. They say it is the best field outside of the Texas league in the state. Good as it is, it is not as good as the Thorndale team and the people of Thorndale should turn out and boost them for all they are worth.

Dudley English, the star third baseman has more pep than any man on the team and is out there fighting throughout the game.

"Stumpy" Blackwell is leading the Thorndale team in runs scored, having scored 25 runs in the twenty-one games in which he has played.

Only one home run has been hit against the Thorndale pitchers in twenty-eight games while Allen, McMillan, English and Johnson have all hit homers for the home boys.

The Thorndale team has lost only six games out of twenty-eight played. This is the best record of any team in Central Texas and gives Thorndale first claim upon the championship of this part of the state.

Thorndale has the youngest set of baseball players in the country. The average age of the players is not over twenty years.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts through the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

## Cameron Big Distributing Center For Products of Motor World

The distribution of motor products during recent years has taken rank among the leading mercantile agencies of the world. The distribution of these products where extensive is always indicative of development and general prosperity.

Cameron has more than two score agencies distributing and selling automobiles, trucks, tractors and the by-products of the motor industry. Among these agencies there is a wide range of tire sales and distribution, in fact any agency selling or distributing the by-products or accessories of the motor world, thrives and prospers in Cameron because of the large number of autos sold here each year.

Cameron motor dealers are looking forward this year to a renewed activity in their business, following the depression during the past few months. While there has been some slump in the sale of motor products sales have continued and dealers have been able to keep their stocks moving fairly well.

One of the most important phases of the motor industry today as it applies to the rural territory is the sale of tractors. Cameron has a number of tractor dealers and during recent months have found ready sale on the farms. Motorizing the farm has become a paramount issue in the educational movement among the farmers of the south. In many sections of the state it is rare to see a horse or mule on the farm engaged in crop cultivation and preparations.

As compared with other sections of Texas there is but few tractors on the farms of Milam county. But the disposition show during the past year among the farmers coupled with the progressive efforts of the distributor of tractors here has encouraged their sale and prospects are good for a thoroughly motorized territory within a short time.

The motor industry has brought revolutionized traffic in city as well as upon the farm. The motor truck has opened the way for dispatch in the method of marketing of farm products. Good roads now enable the farmers with the use of the motor truck to market cotton and grain as well as all other products. Especially is the use of the motor truck valuable in the marketing of produce, an abundance of which is annually sold in the markets of Cameron.

Light trucks and light touring cars predominate in the county. Except for city use and on the highways the heavy truck is not seen, however, the coming of better roads has opened the way for larger capacity vehicles.

In every direction leading in and out of Cameron pike roads serve this trade center. This has been one of the big contributing factors to the rapid rise of the motor industry here. Recent completions in roads in the northern and western part of the county brings into intimate touch with Cameron a vast area of territory heretofore contributing its resources in a large way to other centers in and out of the county.

The motor industry has brought Cameron mercantile prosperity and has been a contributing factor in the construction of good roads. Cameron motor dealers, viewing their work, may feel conscious of a great part played in the development of the city during the past decade.

## No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a general Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 75c per bottle.

## New Prices For July On KELLY-SPRINGFIELD PNEUMATIC TIRES AND TUBES

Buying a cheap tire with the expectation of getting Kelly-Springfield mileage is like cheating at solitaire. You are the only one who gets fooled.

## CULLAN THOMAS TO SPEAK IN THORNDALE

ACCEPTS INVITATION FROM COMMERCIAL CLUB TO MAKE A PATRIOTIC ADDRESS.

(Thorndale Champion)  
Hon. Cullen F. Thomas of Dallas, Texas' own statesman and orator has accepted the invitation extended him by the Commercial Club to deliver a patriotic address here on next Monday, Thorndale's second monthly Trades Day, and fully 5,000 persons are expected to be in Thorndale on that date.

Mr. Thomas has many friends in and around Thorndale who will be pleased to learn that he is to visit our city and deliver an address, and are already laying plans to be here on this day.

While Mr. Thomas is not saying much about his political aspirations it is generally known here among his friends that he will be in the race for the senatorship to be now won by Chas. Culberson, whose time expires before the next election, and it is possible that Mr. Thomas will express himself as to his platform on this date.

## CAMP MEETING AT PENN CAMP GROUND

GOOD INTEREST MANIFESTED AND GREAT MEETING IS GOING ON BY CHRISTIANS.

Rev. F. W. Strong of Forth Worth, and Miss Mattie Mae Wofford, evangelistic singer arrived on schedule on last Friday and the big camp meeting at Penn's camp ground is well under way. Rev. Strong was accompanied by his family and they are comfortably camped on the ground.

Services are held each morning at 10:45 and each evening at 7:45.

Rev. Strong is one of the greatest evangelists of the Christian church and he is ably assisted by Miss Wofford, who leads the song service and is a singing evangelist of considerable note.

Many persons are taking advantage of the excellent camping facilities and have made themselves comfortable along the banks of the beautiful San Gabriel and will stay throughout the meeting.

## MRS KABER GIVEN LIFE SENEENCE FOR DEATH OF HUSBAND

MALE JURY RETURNS A VERDICT WITH A RECOMMENDATION FOR MERCY.

Aged Mother of Mrs. Kaber and Latter's Daughter Also Connected With Plot to Assassinate Wealthy Publisher in Ohio—Prisoner in a Semi-Conscious State, Is Unable to Walk.

Cleveland, July 16.—Mrs. Eva Catherine Kaber today escaped the electric chair, but was found guilty of first degree murder for plotting the assassination of her husband, Daniel F. Kaber.

It was the hope that mercy would be extended by a male jury which caused her counsel to exclude women jurors on the ground that they are more cold blooded and merciless than men.

The hope was fulfilled when the twelve men returned a verdict recommending mercy.

As a result of the recommendation for mercy Mrs. Kaber was sentenced to life imprisonment in the Ohio reformatory for women at Marysville by Judge Maurice Bernon. Had the jury not recommended mercy, the court would have been compelled to sentence Mrs. Kaber to die in the electric chair.

Bringing Criminals to Justice.  
The sentence for Mrs. Kaber was the first tangible result of the state's effort to bring to justice those responsible for the murder of the Lake Wood publisher as he lay an invalid in his home on the night of July 18, 1919. There remain five others to be tried on first degree murder charges in connection with the crime.

Two of these are Mrs. Mary Brickel aged mother and Miss Marian McArdie, daughter of Mrs. Kaber.

Miss McArdie was with her mother who was lying in a semi-conscious state in her cell in the county jail when news of the verdict was brought to them by Attorney W. Poulson, Mrs. Kaber's personal counsel.

Mrs. Kaber's mother, 89 years of age, was at Sterling house, a detention home for women.

The others charged with the crime are Mrs. Erminia Colavito, midwife-nurse, who is alleged to have been a go-between Mrs. Kaber and Salvatore Cala and Vittori Pisselli, who are alleged to have actually killed Kaber.

Mrs. Kaber Unconscious.

Mrs. Kaber showed no signs of interest in the verdict or even the sentence imposed by the court, if in fact she actually knew what was happening, for she was apparently oblivious of all things. She merely nodded her head when pressed for answers as to whether she understood. She was limp and had to be carried to and from the court room.

To Ask Death Sentence.

Her own fate sealed, what little interest Mrs. Kaber did show was said to be in the future of her daughter, whom County Prosecutor Edward C. Stanton says he will ask to be given the death penalty. Bail for Miss McArdie was refused today by Judge Bernon on the ground that in the light of testimony in Mrs. Kaber's case which tended to implicate her also in the crime, he could not grant temporary freedom. Marian is alleged to have furthered her mother's murder designs and to have played the piano to drown noise while the alleged assassins were shown their victim by Mrs. Kaber.

Because of her physical condition, Mrs. Kaber will not be taken to prison for ten days more, it was said. The jail physician said he thought Mrs. Kaber's condition is due to over strain during the trial.

Both counsel for the defense and state said they were well pleased with the verdict.

Defense counsel announced there will be no appeal.

### NOTICE.

## Was Very Weak

"After the birth of my baby I had a back-set," writes Mrs. Mattie Crosswhite, of Glade Spring, Va. "I was very ill; thought I was going to die. I was so weak I couldn't raise my head to get a drink of water. I took . . . medicine, yet I didn't get any better. I was constipated and very weak, getting worse and worse. I sent for Cardui."

TAKE

## CARDUI

The Woman's Tonic

"I found after one bottle of Cardui I was improving," adds Mrs. Crosswhite. "Six bottles of Cardui and . . . I was cured, yes, I can say they were a God-send to me. I believe I would have died, had it not been for Cardui." Cardui has been found beneficial in many thousands of other cases of womanly troubles. If you feel the need of a good, strengthening tonic, why not try Cardui? It may be just what you need.

## SALTS FINE FOR ACHING KIDNEYS

We eat too much meat, which clogs Kidneys, then Back hurts and Bladder bothers you.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

## OAKDALE HAPPENINGS

Edited by Mrs. Sid Hause

July 18.—Miss Barmore of Maysfield, came out Thursday evening to see one of our trustees, Mr. Marshall Garner. She was after the Hoyte school primary teacher, Mrs. Lettie Shelton. They are to build a very nice big school house before the time for school to start.

Mr. and Mrs. A. L. Chatman were week end visitors at Ad Hall with his parents.

Mr. and Mrs. Ernest Baldwin of Rice, spent the last of this week with Mr. and Mrs. E. J. Fisher.

Hugh Wimberly took in the dance at the Kirk home near Liberty Friday night.

Deward Hause and Mr. Wywius of Curry came out to see Mr. Sid Hause Saturday.

Last Wednesday evening Mr. and Mrs. Weldon Roberts of Seip Springs, came by Brownwood and got his mother, Mrs. Fannie Roberts and two youngest children, then they all drove through the country to see their aunt, and sister, Mrs. Frank Fasel, Weldon and wife with their little son went to Sour Lake to see the child's grandparents. He will spend the summer with them.

Miss Alice Wimberly has returned to Dallas after spending about ten days with her parents.

Miss Lillie Roberts returned home to Brownwood after spending a few days with her aunt Mrs. Fasel.

Friday evening Sid Hause had his sister, Mrs. T. L. Randolph and two daughters of Cameron, to come out to spend the week end with him.

Mrs. John Hairston and children of Milano, spent all the past week with her mother, Mrs. Garner, who has been taking treatment at the Cameron sanitarium.

Miss Johnnie Hensley and sister, Miss Nell of Houston, came in to Milano Saturday, then came out to their old home, where their brother, Clyde Hensley lives.

J. H. Thompson's family are able to go visiting near Milano.

## SAN GABRIEL GOSSIP.

July 19.—Upon the heels of complaint of too much rain, the deepening dust beds and heated atmosphere brings faint complaint an we're almost ready to wish for rain again.

The Christian meeting began at Penn's camp ground near this village Friday night and will be in progress all this week. The services are conducted by Rev. Strong of Fort Worth and song service led by Miss Woodford who accompanied the family of Rev. Strong on a camp here during the meeting.

Mr. and Mrs. Chas. Fokes and family of Temple visited relatives in this vicinity last Sunday.

Mr. and Mrs. John Ward of Dilly, spent last week here with their sister, Mrs. Tamm Johnson and family and among friends.

A. G. Young of Thorndale was in our village Monday.

Little Miss Zow Outlaw spent last

## HAVE DARK HAIR AND LOOK YOUNG

Nobody can Tell when you Darken Gray, Faded Hair with Sage Tea.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

Dr. G. B. Taylor

SPECIALIST

Eye, Ear, Nose and Tonsils.

GLASSES FITTED  
Cameron, Texas

Thursday Messrs. Frank Fasel, Weldon Roberts, Little Shorty Roberts and F. L. Fasel attended the ball game at Cameron.

Mrs. Eugene Hause had a phone message last Wednesday evening from Gause, that her father was very low. She went that same evening and has not returned. Her father is Mr. Ben Springer, and has been in bad health several years.

Miss Alda Taylor of Milano spent last Thursday with her friend, Miss Alice Wimberly, who was home from Dallas.

Messrs. Oneal and William Emmons was in Cameron Saturday.

Miss Alice Wimberly returned to Dallas after spending about ten days with her parents, Mr. and Mrs. Victor Wimberly.

Mrs. J. H. Ashenbeck was sick the first part of last week and decided to go to Rosebud where her daughter could take care of her. They have not returned.

Miss Clara Shaffner returned home to Milano after spending a week in Lexington.

Mr. and Mrs. Clements of Galveston is spending a while at the Hudson house in Milano.

W. F. Hooker is spending some of his vacation with his daughter, Mrs. Burdick at Taylor.

Mrs. Peeples and son, J. D. and his wife spent the week end at Waco, visiting Mr. and Mrs. John Burns.

Mrs. J. E. Baker brought into Milano a very big squash, which just weighed 151 pounds, that sounds like some squash.

Miss Grace Hill of Temple, spent the week end with relatives in Milano.

C. M. Beard was in Milano last Tuesday.

Mr. Nicholson of North Cameron, came to see his children Saturday.

Ben Allen Nicholson is down with fever this week.

week end with her sister, Miss Ursula, in San Marcos.

Miss Duncan Thomas has just returned from a several weeks visit to friends in different sections of the state.

Miss Valley Mae Baird has been listed with the sick the past week.

Mr. and Mrs. Hood Caldwell of Minerva were visitors of Mr. and Mrs. A. M. Camp last Sunday.

Miss Mona Outlaw of Taylor, spent Sunday here with her parents.

Mr. and Mrs. Harris of near Rockdale are campers at the meeting here this week.

Will Baird and John Woody were summoned to Cameron Monday.

Miss Zelma Heisch is the guest of friends in Bartlett this week.

Mr. Virg Winford returned with a brother who has just ended a visit to him, to Oklahoma and Arkansas for a visit there to homefolks.

Mrs. Marve Thomas has been on the sick list the past week.

J. R. Foster and wife, J. D. McNeil and boys of Rockdale, were Sunday visitors in the home of John Woody and family.

E. A. Camp and wife were here from Rockdale last Sunday for a few days' stay among relatives.

Mr. and Mrs. Geo. Wright and children of Taylor, spent Sunday here with her sister, Mrs. Elmer Outlaw and family.

Ben Smith and sister, Miss Ione Griffith, have been in Austin a few days where they went on a visit to their sister, Miss Mildred, who is in school there.

Rev. Roberts, wife and children of Bartlett, were among friends here and attending services Monday night.

## FROM THE MAIL BOX.

Gause, Texas, July 16, 1921.

Cameron Herald:

Do you know the address of any of the Hobbs family who live somewhere in the northern part of this county, I understand. I am trying to find out the whereabouts of Mrs. Thurman Hobbs who was Miss Violet Dixon, before her marriage. Her sister, my neighbor, who is near death with Bright's disease, wants so much to see her or at least hear from her. When she last heard from her, she, Mrs. Hobbs, was living in California, but has not answered letters sent to the last address she gave, for several years. So I promised her I would try to find her sister. Thought probably Thurman Hobbs was a relative of the family of that name in this county and they could give us his address.

If you can help us any it will be most greatly appreciated.  
Yours truly,  
MRS. GEO. W. DEAN.

## USE SULPHUR TO HEAL YOUR SKIN

Broken Out Skin and Itching Eczema Helped Over Night

For unsightly skin eruptions, rash or blotches on face, neck, arms or body, you do not have to wait for relief from torture or embarrassment, declares a noted skin specialist. Apply a little Mentho-Sulphur and improvement shows next day.

Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation. The moment you apply it healing begins. Only those who have had unsightly skin troubles can know the delight this Mentho-Sulphur brings. Even fiery, itching eczema is dried right up.

Get a small jar from any good druggist and use it like cold cream.

## An Everyday Summer Desert

Our Ice Cream is made fresh every day, and in a variety of flavors. It's pure and has a wonderful rich creamy taste. Stop in for a dish and take a quart home for the family.

## GARNER NOT IN RACE FOR U. S. SENATE

TEXAS CONGRESSMAN MAKES STATEMENT SAYING THAT HE WILL NOT SEEK LAURELS IN UPPER BRANCH.

Washington, July 15.—Representative John Garner of Texas is not a candidate for the United States senate. Garner made this statement Thursday, following receipt of Texas newspapers, carrying a story in which his name was included in a list of candidates.

"It is the duty of each public man to labor where he can do the most good," Garner said. "Occupying the position I do in the house and the resultant power that goes with it enables me to render greater service to the people of Texas and the country in my present position than I possibly could in the senate."

AUSTIN MAN KILLED FOR REFUSING TO JOIN I. W. W.

Huron, S. D., July 16.—William D. Henderson, 23, of Austin, Texas, was shot and killed last night at Wolz, S. D., three miles west of Huron, by a member of a band of some 300 I. W. W.'s on the top of a freight train pulling out of Wolz, for the north, when he refused the demands of the I. W. W. organizers to take out a card in the organization.

## FIVE AMENDMENTS TO BE VOTED ON NEXT SATURDAY

SATURDAY IS DATE OF SPECIAL ELECTION ON CHANGES IN STATE CONSTITUTION.

Five constitutional amendments are to be voted on by the people on Saturday of this week.

### To Abolish Prison Board.

First is that to abolish the office of three prison commissioners, as now constituted, and permit the Legislature to prescribe the form of management argument having been made that one head and one responsibility would be more efficient and more economical. If adopted, this amendment would permit the Legislature to provide for but one head.

Second is the proposal to remove present salary limits for certain State officials and permit the Legislature to increase the salaries up to now maximums: Governor, from \$4,000 to \$8,000; Treasurer, Comptroller and Land Commissioner, from \$2,500 to not exceeding \$5,000 each; Attorney General, \$4,000 up to \$7,500; Secretary of State, \$2,000, not to exceed \$5,000. The Legislature is not obligated to appropriate the higher amounts, but is empowered to make the salaries at any amount not to exceeding those stipulated.

### To Raise Pension Tax.

Third is the amendment to raise the State pension tax from 5 to 7 cents on each \$100 of assessed valuation so as to give the State pensioners slightly more money.

### To Cut Mileage Allowance.

Fourth is to reduce the mileage allowance of legislators from 20 to 10 cents per mile in traveling to and from sessions of the Legislature; also increasing their pay to not more than \$10 per day for a session of 120 days, and \$5 per day thereafter during such session. At present the pay is \$5 per day for 60 days and \$2 thereafter. The Legislature is not compelled to make the maximum salary \$10 per day, but cannot exceed that.

### To Regulate Voting.

Fifth, last and important to elections, is the proposition to permit only fully naturalized foreign citizens to vote in this state. At present foreigners may vote after making formal declaration of intention to become a citizen of the United States. It also proposes to permit either husband or wife to pay the poll tax of the other and get receipt regardless of where they reside. At this time all voters in cities of over 10,000 inhabitants must get their poll tax receipts in person. This amendment also would permit absentee voting in general elections as is now allowed in primary elections. A person who expected to be absent from his voting place at general elections could cast his ballot in advance, if this amendment is adopted.

### Habitual Constipation Cured in 14 to 21 Days

"LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It Stimulates and Regulates. - Very Pleasant to Take. - 60c per bottle.

## TRADES DAY MONDAY AT THORNDALE; BIG PROGRAM PLANNED

NEXT MONDAY WILL BE SECOND OF BIG GET-TO-GETHER DAYS FOR THIS SECTION.

(Thorndale Champion)

No expense nor effort is being spared by the Thorndale Commercial Club in making Trades Day next Monday an unequalled success from any and every angle. This will be the second such Trades Day the Commercial Club has sponsored and the success of the first one last month has assured the attendance of double the number that attended the first effort of the club.

The fourth Monday of each month has been set aside as Trades Day a day for Thorndale to welcome and entertain her neighbors, friends and customers of the surrounding territory.

A trading lot has been established for those who will bring in stock or farm implements to trade, making it an easy matter for the traders to get together. A representative of the Commercial Club will be on the ground all day giving his services to the traders free of charge.

Plenty of water for man and horse will be furnished free and the entertainment features of the day included a patriotic address at 11 o'clock by Hon. Cullen F. Thomas of Dallas, the South's greatest orator, band concerts, dress parades, goat roping and broncho riding. Everything being free and open and on the streets of the city.

The entertainment committee headed by O. F. Smith has worked faithfully and well on this program and is taking a great deal of pride in the excellence of the various numbers that will compose the entertainment program for this day.

A message from Hon. Cullen Thomas states that it will be a pleasure for him to be with us on this day and renew friendships of other days. The patriotic message he will bring will be timely and worth traveling many miles to hear. Thorndale friends who have heard Mr. Thomas recently speak very highly of him.

Then there is to be another big baseball game in the late afternoon. Thorndale sluggers will cross bats with that fast aggregation from Cameron. And you know that is going to be some game. But look what we did to them last Sunday. Had to play them 14 innings to beat them. Well, we hope to have just another such game and the boys are all on their toes for the coming struggle. If you like base ball you'll enjoy this game.

Fully 2,000 invitations have been mailed out over this section by the Commercial Club to as many families and the day promises to be a red letter one in Thorndale's history.

Many of our business houses are extending a further invitation in their advertising in this issue of The Champion and are showing a real spirit of co-operation and a real desire of being of service to the visitors and to this Matchless section of Texas. Come and bring the family and don't forget to tell your friends that Thorndale has prepared a great day for you all. Next Monday, July 25th.

## TEMPLE YOUTH IS DROWNED IN LEON CREEK WATERS

MAN WHILE BATHING, CAUGHT IN CURRENT AND IS SWEEPED TO DEATH.

Temple, Texas, July 19.—Within sight of his wife, mother and children and nearly a score of close relatives, Arnold Bacchus, a well known Temple youth, sank to his death in the deep waters of the Leon below the old Dennis crossing north of Belton late yesterday evening. Several of his brothers were in swimming at the time and one, Ray, managed to reach him but was unable to effect a rescue. Nearly an hour elapsed before the body was recovered.

It is said that Bacchus was by himself in a boat near the middle of the stream, some fifty or sixty feet from the bank where the women and children had set up camp, when he removed his shoes and plunged into the river. He came up only once, calling for help, and Ray at once started toward him. He managed to seize the drowning man by the hair but owing to the depth of the water and the other's struggles was unable to hold him. A strong eddy beneath the waters at this point is supposed to have snatched the body from the grasp of the rescuers, and it was not until expert swimmers had reached the scene that recovery was effected.

Four of the brothers, Jeff, Ray, Ernest and Arnold, had taken their families out for a week end fishing trip. W. H. Terry of Tyler, a brother-in-law, was also a member of the party with his family; and there were also the mother, Mrs. Anna F. Bacchus, and mother-in-law, Mrs. Cox. The men had been fishing during the day and although the water is rather deep for swimming, had gone in later. The tragedy occurred about 7:15 yesterday evening. When the body was brought to the surface about 8 o'clock, it was taken to Belton in Mr. Terry's car, and was thence transported to Temple by ambulance. Two other brothers, Claud and Lee, met the saddened group at Belton. The other, Frank, in Albuquerque, N. M. was wired last night and is expected to arrive some time today.

News of the fatal accident spread rapidly through the city last night and hundreds of friends were grief stricken. Arnold, who was about 25 years old, had been in the employ of the Temple Ice and Refrigerating Co., and was driver of the big truck making downtown deliveries. He enjoyed the friendship of all with whom he came in contact, and was universally admired and respected. His wife and two children and the aged mother were prostrate with grief last night and his brothers were no less affected. None of the men were good swimmers, it is said, and Arnold is thought to have been more expert than Ray, who attempted his rescue. The conjecture is advanced that in diving he went far enough below the surface to become involved in the whirlpool or "suckhole," taking water into his lungs and losing strength.

Funeral arrangements will be announced later.

### Piles Cured in 5 to 14 Days

Druggists refund money if PAZO OINTMENT fails to cure itching, blind, bleeding or protruding Piles. It instantly relieves itching Piles, and you can get restful sleep after the first application. Price 60c.

# Breaking the Shackles of Time

Clocks are as much a matter of course as suspenders or sausages. But it took energy and initiative to get the first clock on the kitchen shelf and start it going. The Yankee pack peddler was sole distributor and transporter. His lean, lanky, loose-jointed legs set the limits for most distribution problems in those days.

Modern transportation with progressive sales methods—and advertising—have broken the shackles of time. They make a quick job of what used to take years. Through advertising, many an article has been introduced simultaneously in stores all over the country.

This newspaper does you a two-fold service. It not only brings you news of the world, but also news of what to buy, where to buy and how to buy.

The advertisements are news columns of merchants and manufacturers who have important stories to tell you.

Take advantage of them. Read the latest news of good things to be had—and where to get them.

Make Sure You Get All the News.

# CAMERON ELECTRIC SERVICE STATION

## What You Get at Service Station

Electric trouble of any kind, generators re-wired in a short time—expert service while you wait. Men who have had experience and the best in the country will look over your electrical trouble and give you a remedy at once. SEE US.

of the highest class, equipped to supply the needs of every automobile in Milam county.

### DRIVE IN FILLING STATION

Try our filling station one time and you will be our customer.

## Battery Department

STRENGTH—The first requisite in a shipyard crane or a storage battery plate.

And because the Philadelphia Diamond Grid Battery plates are extraordinarily strong, the guarantee is the longest and most liberal of any nationally known battery. We have these batteries for sale. We will repair any make of battery. Let us water your battery.

## To The People of Cameron and Milam County

We invite you to try our service—this station was built to render service to the automobile owner as was never given them proper before. Drive in our station and get gas, oil, water, air and your battery looked over, you need not get out of your car, this service will be given at once, you will not have to stay long—quick and efficient service is what you will find here. You have a cordial invitation to attend our place of business.

## KU KLUX ACTIVE: OFFICIALS WATCH TARRING PARTIES

### MYSTERIOUS ORDER TARS WOMAN AND WHIPS MEN OF FENDERS.

Dallas, Texas, July 18.—Authorities in widely separated sections of the states today are taking cognizance of a series of attacks in which the victims are tarred and feathered, apparently by widely organized secret groups. The instances now number a score or more within the last three months and indicate the existence of similar to those of the Ku Klux Klan a secret organization with activity of reconstruction days. The secrecy of the perpetrators has usually kept hidden even the exact motive of the attacks, although they generally seemed to be for "moral reasons."

The latest attack was the first reported as made against a woman. The victim was Mrs. Beula Johnson, who was taken from a hotel porch in Tenaha, Tex., Saturday night, stripped, tarred and feathered. It was said she was a bigamist. The attackers wore white uniforms.

A man named McKnight of Nacogdoches, Texas, was beaten by masked men at Timpson, Saturday night.

At Miami, Fla., eight masked men waylaid the Rev. Phillip S. Irwin, white, archdeacon of the English Episcopal church and head of that church's work among Florida negroes, woods and whipped him, then applied on Sunday evening, took him into the a coat of tar and feathers. He was then returned to town and dumped from an automobile into the street. Irwin said his assailants accused him of preaching social equality to the negroes.

At Warrensburg, Mo., on Sunday night Richard Johnson, a retired farmer, was seized and whipped by three masked men. He was warned to leave the county, he said.

R. F. Scott, world war veteran, was dumped from an automobile in a coat of tar and feathers at Beaumont, Texas, on Saturday. He was seized by masked men while riding along a country road with two women.

Warrensburg, Mo., July 18.—Frank and Jack Anderson and Jack Shaneyfelt were arrested here today on information filed with the prosecuting attorney of Johnson county, charged with conspiracy and felonious assault upon Richard H. Johnson, an aged resident of this city, Saturday night when Johnson was dragged from his wagon and tied to a tree in a nearby woods and severely flogged with a whip.

The defendants were taken before Judge Ray Hill and gave \$1,000 bond each for their appearance on July 28.

Miami, Fla., July 18.—The Rev. Phillip S. Irwin, British subject, rector of a church in the negro quarter of this city, was attending to his duties today though suffering from injuries sustained last night when masked men whipped him and applied a coat of tar and feathers.

The clergyman was found on the street about midnight by a policeman who took him first to the police station where he was questioned regarding his alleged preaching of race equality and then to his home in the white section of the city. To direct questioning as to whether he had advocated race equality, the police say the preacher refused to answer.

Irwin said today that while he was a British subject "he would not insult the American flag" by applying to the British flag for protection.

Beaumont, Texas, July 18.—R. F. Scott, lumberman who was turned loose in the business section of the city Saturday night after being tarred and feathered by masked men, was indicted jointly with Dr. J. S. Paul, the first tar and feather victim of this vicinity, a few weeks after the first tarring event.

Scott told reporters that the masked party drenched his feathery body with several buckets of gasoline and told him they would set fire to it unless he signed certain papers, which he declares he failed to do. He is not in a serious condition, according to physicians who attended him, and is reported to have returned to his home in Deweyville, where officers are conducting an investigation.

Shreveport, La., July 18.—On orders from County Attorney Lewis Johnson, Mrs. Beulah Johnson whom masked men tarred and feathered at Tenaha, Texas, Saturday night, today was released from the Shelby County jail at Center, Tex. It was explained that there was no charge against her except the one for bigamy in which bond was given some time ago.

Nacogdoches, Tex., July 18.—J. W.

McKnight, plumber who early yesterday morning was seized by a party of masked men, as he alighted from a train at Timpson near here, taken two miles from town and given a severe beating, left here today for Center, seat of Shelby county, with the announced intention of seeking aid of county authorities in prosecuting the men who attacked him, all of whom he said he recognized.

### BRANCHVILLE NEWS.

July 19.—Miss Siddle Mullinix is visiting her brother in Calvert.

Little Misses Eunice Tyson and Turline Hubert of Cameron, visited Catherine Harlan the past week.

Rev. O. B. Darby is visiting our community. His meeting will begin here Friday night. He will be assisted by his brother, Groves Darby of Madisonville.

Mrs. Stubberfield and Miss Dorothy have returned to their home in Hearn after a visit to Mrs. J. A. Smith.

Miss Elizabeth Tyson is recovering from a recent attack of fever.

Mrs. Hol Willingham died at her home near here Saturday, July 16, and was buried at Little River church Sunday afternoon at 3 o'clock. The family have our sincere sympathy in their loss.

Rev. Burk is a visitor at the home of his brother, near here.

Mr. and Mrs. Guy Self of Calvert were Tuesday visitors with Mrs. L. O. Walker.

Mrs. W. G. Smith was hostess to the members of the "42" club at her lovely home here Thursday afternoon. Twelve members were present. A most enjoyable afternoon was spent. At the close a four-course luncheon was served, after which we adjourned to meet again in two weeks with Mrs. Arnold Whitley.

Little Miss Virginia Looney and Master Nellie J. Smith were host and hostess to their little friends Saturday afternoon at their home in the form of a birthday party. All report a lovely time, especially the eats, which consisted of delicious watermelon, cream and cake.

### COUNTY SCHOOL TRUSTEES MEETING.

The county board of school trustees of Milam county will meet in regular session in the County Superintendent's office on Monday, August First, 1921. This is the regular meeting and time for considering changes in the classification of schools and any trustees who desire any changes of classification of their schools will please attend this meeting and make their wants known. The board will also appoint trustees to fill any vacancies existing in the local boards of school trustees but they prefer that such school districts inform as to whom they should appoint. The board will consider and transact any other business pertaining to the public free schools of the county that might be presented.

Very respectfully,  
J. F. CHADWICK,  
Ex-Officio Secretary.

Grove's Tasteless Chilli Tonic  
restores vitality and energy by purifying and enriching the blood. You can soon feel its strengthening, invigorating effect. Price 50c.

## LADIES! DARKEN YOUR GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and Nobody will Know.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

## SPEAKER CALLS ON NEFF TO EXPLAIN

### GRAFT CHARGES TAKEN SERIOUSLY BY LEGISLATORS AT AUSTIN.

Austin, Tex., July 18.—The first day of the first called session of the thirty-seventh legislature was greeted with a resolution introduced in the house requesting Governor Neff to "furnish" such evidence as he has on hand to the house to substantiate his charges of graft and extravagances in the state capitol.

The resolution did not specify how the governor was to furnish this information, whether he was to appear in person or send it by manuscript. It is said that since he had made these charges in public and as they were of serious nature he was merely requested to furnish the evidence he has.

The resolution was referred to the committee on state affairs by vote of the house on motion of Representative Purmeister of McMullen. Representative Williams of McLennan exclaimed when the motion was made that it should be "referred to the grand jury." The resolution was signed by Representatives Moore of Hunt, Cox of Taylor, Wright of Archer and Henderson of Marion.

After calling the house to order Speaker Charles G. Thomas made a short address in which he said that it is "high time" for the person charging fraud and graft in the capitol to furnish the legislature with the information. He referred to Governor Neff's charges.

Lieutenant Governor Davidson, after calling the senate to order, plead for harmony. He said it was no time for crimination and recrimination between the executive and legislative departments of the state.

Twelve bills proposing to carry out Governor Neff's program for the special session were introduced in the house. The objects of the bills are: Amending the Dean prohibition law; abolishing the bureau of marketing and warehousing; abolishing the office of state mine inspector; senatorial redistricting; judiciary appropriation bill; creating an agricultural and live stock board; abolishing the industrial welfare commission.

### NEFF MEETS FIRST DEFEAT IN PET BILL.

Austin, Texas, July 19.—The Governor received his first defeat at the hands of a committee during this session today, when the Committee on Criminal Jurisprudence refused

to report favorably the bill by Binkley and Melson repealing outright the suspending sentence bill.

The same committee had previously reported favorably the bill by Morris of Medina for modification of the Dean law, one of the Governor's favored measures.

### SCHOOL TRANSFERS.

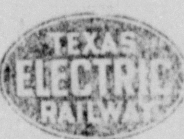

Notice is hereby given that all petitions for school transfers in Milam county must be filed with me in the County Superintendent's office not later than August First. The law does not permit me to consider petitions or make transfers on petitions coming in to me later than August First.

I will be glad to mail application blanks or petitions to anyone so desiring one. For the convenience of those living far from Cameron I am leaving application blanks with the following gentlemen:

Mr. L. H. Hillyer, Rockdale, Tex.  
Mr. Jones Clement, Thorndale, Tex.  
Mr. J. D. Peebles, Milano, Tex.  
Mr. Guy Tidwell, Gause, Tex.

Very respectfully,  
J. F. CHADWICK,  
County Supt.

## CAMERON DEFEATS SHARP.

The past three games played by the Bear Cats have been ones of the loyal poters could justly be proud of in that they involved the three teams the most wished to humble. On Friday afternoon the Cats took the long end of a 6 to 5 game from the "Sharpshooters". In the second game the Cats made two scores, another in the third which seemed to cinch the game or them inasmuch as the Sharpshooters had not yet registered. In the fifth the opponents made one score when Shirley English, first man up in that inning slammed out a terrific hit into right field for a three-bagger and scored on a field's choice. In the sixth a batting rally was staged in which Kohlman was yanked and Eckhart took up the slab work, not however until the Sharpshooters had made four scores. The Sharpshooters were wild with joy and gloom spread throughout the crowd as Sharp then stood 5 to 3, with a half inning yet to play. West hit safely and advanced to second when Red Hamilton also got a hit. A. Rankin was out catcher to first base, West and Hamilton advancing on the fielder's choice. The new Cameron catcher, Hart, then placed a two-bagger just over third base, tying the score, Hart perching on second. Just after reaching second base Hart was stricken with cramps and was carried off the field, it being necessary to call the club physician, Dr. Van Zandt. Eckhart next up singled, placing Peel who ran for Hart on third base. Piggy Page was intentionally passed in order to get Whitlock. This proved disastrous for Sharp, as on which Peel made home, scoring the winning run.

The Bear Cats out hit and played a better brand of ball, all things considered, than the Sharpshooters. Three Cats are shown in the sacrifice hit column while none appear in the Sharp column. An odd feature is that not a base was stolen in the entire game.

## SHARP VS. CAMERON SATURDAY

By using three pitchers and receiving excellent support from the field Cameron defeated the Sharpshooters Saturday afternoon 6 to 5, but it was necessary to go twelve innings to put over the winning run. Hudspeth was touched up for ten hits during the nine innings he pitched and only one hit was gotten off of English who relieved Hudspeth. This lone hit came in the eleventh inning. Falk was safe at second by an error of Chatham at short for Sharp. Peel next up singled to left scoring Falk, thus ending the game. Peel hit safely five times in six trips to the plate.

## SHARP LOSES THREE STRAIGHT.

Monday afternoon Sharp lost its third game to the Bear Cats in the last four games to be staged by the Cats. Cameron scored two runs in the second frame on a hit by Peel, sacrifice hit by Bogges and a freak home run by Rankin, the ball rolling under the bagging in deep center field. Cameron registered another in the fifth and Sharp again tied the score in the eighth. In the ninth the bombardment started and before the smoke had cleared away the Cats had made two runs, and Sharp being unable to do anything in their last half proved easy victims for McGowan. McGowan, appearing in a Cat uniform for the first time turned in a very creditable game, although four errors were made by Cameron, two of these were McGowan's. Sharp got to McGowan for a total of seven hits.

## THORNDALE DEFEATS CAMERON

Tuesday afternoon Thorndale defeated the Bear Cats six to five, the winners getting eleven hits to the Cats eight. Errors cost Cameron the game as earned runs shows Cameron earned four while Thorndale earned three. Both teams used two pitchers. Errors by Whitlock and Rankin scored enough runs to defeat the Cats.

## KU KLUX ACTIVE: OFFICIALS WATCH TARRING PARTIES

### MYSTERIOUS ORDER TARS WOMAN AND WHIPS MEN OFFENDERS.

Dallas, Texas, July 18.—Authorities in widely separated sections of the states today are taking cognizance of a series of attacks in which the victims are tarred and feathered, apparently by widely organized secret groups. The instances now number a score or more within the last three months and indicate the existence of similar to those of the Ku Klux Klan a secret organization with activity of reconstruction days. The secrecy of the perpetrators has usually kept hidden even the exact motive of the attacks, although they generally seemed to be for "moral reasons."

The latest attack was the first reported as made against a woman. The victim was Mrs. Beula Johnson, who was taken from a hotel porch in Tenaha, Tex. Saturday night, stripped, tarred and feathered. It was said she was a bigamist. The attackers wore white uniforms.

A man named McKnight of Nacogdoches, Texas, was beaten by masked men at Timpson, Saturday night.

At Miami, Fla., eight masked men waylaid the Rev. Phillip S. Irwin, white, archdeacon of the English Episcopal church and head of that church's work among Florida negroes, woods and whipped him, then applied on Sunday evening, took him into the a coat of tar and feathers. He was then returned to town and dumped from an automobile into the street. Irwin said his assailants accused him of preaching social equality to the negroes.

At Warrensburg, Mo., on Sunday night Richard Johnson, a retired farmer, was seized and whipped by three masked men. He was warned to leave the county, he said.

R. F. Scott, world war veteran, was dumped from an automobile in a coat of tar and feathers at Beaumont, Texas, on Saturday. He was seized by masked men while riding along a country road with two women.

Warrensburg, Mo., July 18.—Frank and Jack Anderson and Jack Shaneyfelt were arrested here today on information filed with the prosecuting attorney of Johnson county, charged with conspiracy and felonious assault upon Richard H. Johnson, an aged resident of this city, Saturday night when Johnson was dragged from his wagon and tied to a tree in a nearby woods and severely flogged with a whip.

The defendants were taken before Judge Ray Hill and gave \$1,000 bond each for their appearance on July 28.

Miami, Fla., July 18.—The Rev. Phillip S. Irwin, British subject, rector of a church in the negro quarter of this city, was attending to his duties today though suffering from injuries sustained last night when masked men whipped him and applied a coat of tar and feathers.

The clergyman was found on the street about midnight by a policeman who took him first to the police station where he was questioned regarding his alleged preaching of race equality and then to his home in the white section of the city. To direct questioning as to whether he had advocated race equality, the police say the preacher refused to answer.

Irwin said today that while he was a British subject "he would not insult the American flag" by applying to the British flag for protection.

Beaumont, Texas, July 18.—R. F. Scott, lumberman who was turned loose in the business section of the city Saturday night after being tarred and feathered by masked men, was indicted jointly with Dr. J. S. Paul, the first tar and feather victim of this vicinity, a few weeks after the first tarring event.

Scott told reporters that the masked party drenched his feathery body with several buckets of gasoline and told him they would set fire to it unless he signed certain papers, which he declares he failed to do. He is not in a serious condition, according to physicians who attended him, and is reported to have returned to his home in Deweyville, where officers are conducting an investigation.

Shreveport, La., July 18.—On orders from County Attorney Lewis Johnson, Mrs. Beulah Johnson whom masked men tarred and feathered at Tenaha, Texas, Saturday night, today was released from the Shelby County jail at Center, Tex. It was explained that there was no charge against her except the one for bigamy in which bond was given some time ago.

Nacogdoches, Tex., July 18.—J. W.

McKnight, plumber who early yesterday morning was seized by a party of masked men, as he alighted from a train at Timpson near here, taken two miles from town and given a severe beating, left here today for Center, seat of Shelby county, with the announced intention of seeking aid of county authorities in prosecuting the men who attacked him, all of whom he said he recognized.

### BRANCHVILLE NEWS.

July 19.—Miss Siddie Mullinix is visiting her brother in Calvert.

Little Misses Eunice Tyson and Turline Hubert of Cameron, visited Catherine Harlan the past week.

Rev. O. B. Darby is visiting our community. His meeting will begin here Friday night. He will be assisted by his brother, Groves Darby of Madisonville.

Mrs. Stubberfield and Miss Dorothy have returned to their home in Hearne after a visit to Mrs. J. A. Smith.

Miss Elizabeth Tyson is recovering from a recent attack of fever.

Mrs. Hol Willingham died at her home near here Saturday, July 16, and was buried at Little River church Sunday afternoon at 3 o'clock. The family have our sincere sympathy in their loss.

Rev. Burk is a visitor at the home of his brother, near here.

Mr. and Mrs. Guy Self of Calvert were Tuesday visitors with Mrs. L. O. Walker.

Mrs. W. G. Smith was hostess to the members of the "42" club at her lovely home here Thursday afternoon. Twelve members were present. A most enjoyable afternoon was spent. At the close a four-course luncheon was served, after which we adjourned to meet again in two weeks with Mrs. Arnold Whatley.

Little Miss Virginia Looney and Master Nile J. Smith were host and hostess to their little friends Saturday afternoon it being in the form of a birthday party. All report a lovely time, especially the eats, which consisted of delicious water melon, cream and cake.

### COUNTY SCHOOL TRUSTEES MEETING.

The county board of school trustees of Milam county will meet in regular session in the County Superintendent's office on Monday, August First, 1921. This is the regular meeting and time for considering changes in the classification of schools and any trustees who desire any changes of classification of their schools will please attend this meeting and make their wants known. The board will also appoint trustees to fill any vacancies existing in the local boards of school trustees but they prefer that such school districts inform as to whom they should appoint.

The board will consider and transact any other business pertaining to the public free schools of the county that might be presented.

Very respectfully,  
J. F. CHADWICK,  
Ex-Officio Secretary.

Jirove's Tasteless Chili Tonic  
restores vitality and energy by purifying and enriching the blood. You can soon feel its strengthening, invigorating effect. Price Five.

## LADIES! DARKEN YOUR GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and Nobody will Know.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

## SPEAKER CALLS ON NEFF TO EXPLAIN

### GRAFT CHARGES TAKEN SERIOUSLY BY LEGISLATORS AT AUSTIN.

Austin, Tex., July 18.—The first day of the first called session of the thirty-seventh legislature was greeted with a resolution introduced in the house requesting Governor Neff to "furnish" such evidence as he has on hand to the house to substantiate his charges of graft and extravagances in the state capitol.

The resolution did not specify how the governor was to furnish this information, whether he was to appear in person or send it by manuscript. It is said that since he had made these charges in public and as they were of serious nature he was merely requested to furnish the evidence he has.

The resolution was referred to the committee on state affairs by vote of the house on motion of Representative Purmeister of McMullen. Representative Williams of McLennan exclaimed when the motion was made that it should be "referred to the grand juries." The resolution was signed by Representatives Moore of Hunt, Cox of Taylor, Wright of Archer and Henderson of Marion.

After calling the house to order Speaker Charles G. Thomas made a short address in which he said that it is "high time" for the person charging fraud and graft in the capitol to furnish the legislature with the information. He referred to Governor Neff's charges.

Lieutenant Governor Davidson, after calling the senate to order, pleaded for harmony. He said it was no time for crimination and recrimination between the executive and legislative departments of the state.

Twelve bills proposing to carry out Governor Neff's program for the special session were introduced in the house. The objects of the bills are: Amending the Dean prohibition law; abolishing the bureau of marketing and warehousing; abolishing the office of state mine inspector; senatorial redistricting; judiciary appropriation bill; creating an agricultural and live stock board; abolishing the industrial welfare commission.

### NEFF MEETS FIRST DEFEAT IN PET BILL.

Austin, Texas, July 19.—The Governor received his first defeat at the hands of a committee during this session today, when the Committee on Criminal Jurisprudence refused

to report favorably the bill by Binkley and Melson repealing outright the suspended sentence bill.

The same committee had previously reported favorably the bill by Morris of Medina for modification of the Dean law, one of the Governor's favored measures.

### SCHOOL TRANSFERS.

Notice is hereby given that all petitions for school transfers in Milam county must be filed with me in the County Superintendent's office not later than August First. The law does not permit me to consider petitions or make transfers on petitions coming in to me later than August First.

I will be glad to mail application blanks or petitions to anyone so desiring one. For the convenience of those living far from Cameron I am leaving application blanks with the following gentlemen:

Mr. L. H. Hillyer, Rockdale, Tex.  
Mr. Jones Clement, Thorndale, Tex.  
Mr. J. D. Peeples, Milano, Tex.  
Mr. Guy Tidwell, Gause, Tex.

Very respectfully,  
J. F. CHADWICK,  
County Supt.

Pace-Marshall Drug Co.

## CAMERON DEFEATS SHARP.

The past three games played by the Bear Cats have been ones the loyal rooters could justly be proud of. In that they involved the three teams the Cats most wished to humble. On Friday afternoon the Cats took the long end of a 6 to 5 game from the "Sharpshooters". In the second frame the Cats made two scores, another in the third which seemed to cinch the game for them inasmuch as the Sharpshooters had not yet registered. In the fifth the opponents made one score when Shirley English, first man up in that inning slammed out a terrific hit into right field for a three-bagger and scored on a field's choice. In the ninth a batting rally was staged in which Kohlman was yanked and Eckhart took up the slab work, not however until the Sharpshooters had made four scores. The Sharpshooters were wild with joy and gloom spread throughout the crowd as Sharp then stood 5 to 3, with a half inning yet to play. West hit safely and advanced to second when Red Hamilton also got a hit. A. Rankin was out catcher to first base, West and Hamilton advancing on the fielder's choice. The new Cameron catcher, Hart, then placed a two-bagger just over third base, tying the score, Hart perching on second. Just after reaching second base Hart was stricken with cramps and was carried off the field, it being necessary to call the club physician, Dr. Van Zandt. Eckhart next up singled, placing Piggy Page for Hart on third base. Piggy Page was intentionally passed in order to get Whitlock. This proved disastrous for Sharp, as on which Peel made home, scoring the winning run.

The Bear Cats out hit and played a better brand of ball, all things considered, than the Sharpshooters. Three Cats are shown in the sacrifice hit column while none appear in the Sharp column. An odd feature is that not a base was stolen in the entire game.

## SHARP VS. CAMERON SATURDAY

By using three pitchers and receiving excellent support from the field Cameron defeated the Sharpshooters Saturday afternoon 6 to 5, but it was necessary to go twelve innings to put over the winning run. Hudspeth was touched up for ten hits during the nine innings he pitched and only one hit was gotten off of English who relieved Hudspeth. This lone hit came in the eleventh inning. Falk was safe at second by an error of Chatham at short for Sharp. Peel next up singled to left scoring Falk, thus ending the game. Peel hit safely five times in six trips to the plate.

## SHARP LOSES THREE STRAIGHT.

Monday afternoon Sharp lost its third game to the Bear Cats in the last four games to be staged by the Cats. Cameron scored two runs in the second frame on a hit by Peel, sacrifice hit by Bogges and a freak home run by Rankin, the ball rolling under the bagging in deep center field. Cameron registered another in the fifth and Sharp again tied the score in the eighth. In the ninth the bombardment started and before the smoke had cleared away the Cats had made two runs, and Sharp being unable to do anything in their last half proved easy victims for McGowan. McGowan, appearing in a Cat uniform for the first time turned in a very creditable game, although four errors were made by Cameron, two of these were McGowan's. Sharp got to McGowan for a total of seven hits.

## THORNDALE DEFEATS CAMERON

Tuesday afternoon Thorndale defeated the Bear Cats six to five, the winners getting eleven hits to the Cats eight. Errors cost Cameron the game as earned runs shows Cameron earned four while Thorndale earned three. Both teams used two pitchers. Errors by Whitlock and Rankin scored enough runs to defeat the Cats.

## CAMERON TRADE VOLUME IS NEAR \$3,000,000 YEAR

With its wholesale and retail trade volume approximating \$3,000,000 annually Cameron not only ranks among the best business towns of Texas but is the leading commercial center in Milam County and adjacent territory. It is estimated that the retail trade volume will approximate about \$1,500,000 annually which the wholesale volume of trade will approximate as much or more than the retail volume, giving Cameron conservatively from \$2,500,000 to \$3,000,000 annually in trade.

This condition not only reflects a surprising phase of commercial assets but proves the supremacy of Cameron over neighboring cities and gives a monumental aggregate of annual prosperity to the city and trade territory, one of the most highly developed and resourceful in the state.

Mercantile interests throughout the county and all tributary towns find Cameron the most logical point to obtain supplies for retail trade because of the large stocks carried by local wholesale firms and because of the excellent means of transportation from Cameron both by rail and by truck route. Good roads now make it possible for a large part of the commerce of the country adjacent to be handled by motor truck. In this way deliveries are expedited and goods are obtained in such quantities as required in short time.

One of the outstanding features of the commercial industry of Cameron is her retail merchants. Carrying at all times stocks large and varied, the merchants are able to meet any condition of demand rising from the consumptive energies of a rapidly growing and expanding territory. Cameron merchants undersell competitors and are inducing new trade to the city each year, thus building up the aggregate so that in a few years Cameron will lead all Central Texas cities in the output of merchandise.

Cameron's versatility of mercantile markets makes it possible for the consumer to get his requirements in goods no matter what character of quantity needed. Food supplies, dry goods, implements, automobiles, steel and iron products, feed, fuel and luxuries, without end and at prices that enable them to save money by doing their trading here.

The excellence of the retail system in Cameron reflects the splendid efficiency and supply capacity of her wholesale firms. Practically all grocery supplies and many other articles of necessity are supplied to the door of local merchants from the warehouses of wholesale firms in Cameron. By this splendid commercial arrangement the finances of the city and county are held intact and the local distribution of wealth rising out of mercantile intercourse is stable and is annually increasing the community assets thus enhancing the city and making it rich and powerful.

This commercial arrangement makes conditions of labor better with a more soluble condition of living. It makes stronger banks and more prosperous people; it builds schools and churches and in every way makes for a bigger and better community.

### BLACKSMITHING IS BIG INDUSTRY IN CAMERON.

When Longfellow wrote the "Village Blacksmith" the poet wrote about this sturdy workman a bit of sentiment time will not erase.

The man who pulled the bellows and forged the iron under the spreading chestnut tree as the village kid-dies gathered around to listen to the tinkle of the anvil and to gaze in wonder at the miracle of muscle, fire and iron, is the legacy of a great industry which in modern times has developed to be one of the leading branches of our industrial system.

Blacksmithing today is a great industry. Its necessities are commensurate with the interests of a large part of our commercial life. Into

every phase of farm life it goes with services indispensable and into various avenues of our industrial system it goes with equal value.

Among the commercial assets to which Cameron owes her attractive trade inducements, blacksmithing plays a leading part. In strictly an agricultural region Cameron blacksmiths serve as large a radius of farm territory as any other town so situated in Texas.

Blacksmithing in Cameron is a profitable industry because of the volume of business attracted from the farm territories. It is profitable mainly because it is efficient and serves the farmers and others requiring it service, in a way that cannot be duplicated anywhere in Milam county.

There is a large number of smithing shops in Cameron all of them doing a large volume of business and equipped with modern machinery and tools. Among the host of trade advantages making Cameron the most attractive center in Milam county and Central Texas, the blacksmith is playing his part admirably and to him we give full measure of credit.

### STATEMENT OF OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACT OF CONGRESS OF AUGUST 24, 1912.

Of The Cameron Herald, published weekly, at Cameron, Texas, for April 1921.

STATE OF TEXAS, ) ss.  
County of Milam )

Sharpe, Lloyd Mitchell, Judd G. Davis, Robert McLane, J. T. Parma, R. A. Tagg, Lee R. Tagg, Harry W. Tag, all of Cameron, Texas.

J. B. WHITE, Manager.

Sworn to and subscribed before me this 16th day of July, 1921.

(Seal) W. M. ROSS.

My commission expires June 1922.

### A TONIC

Grove's Tasteless chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

Grove's Tasteless chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 75c.

## GARNER NOT IN RACE FOR U. S. SENATE

### TEXAS CONGRESSMAN MAKES STATEMENT SAYING THAT HE WILL NOT SEEK LAURELS IN UPPER BRANCH.

Washington, July 15.—Representative John Garner of Texas is not a candidate for the United States senate. Garner made this statement Thursday, following receipt of Texas newspapers, carrying a story in which his name was included in a list of candidates.

"It is the duty of each public man to labor where he can do the most good," Garner said. "Occupying the position I do in the house and the resultant power that goes with it enables me to render greater service to the people of Texas and the country in my present position than I possibly could in the senate."

### Colds Cause Grip and Influenza

LAXATIVE BROMO QUININE Tablets remove cause. There is only one "Bromo Quinine." E. W. GROVE'S signature on box. 30c.

## IF KIDNEYS AND BLADDER BOTHER

Take a glass of Salts to flush out your Kidneys and neutralize irritating acids.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.

### AUSTIN MAN KILLED FOR REFUSING TO JOIN I. W. W.

Huron, S. D., July 16.—William D. Henderson, 23, of Austin, Texas, was shot and killed last night at Wolzy S. D., three miles west of Huron, by a member of a band of some 300 I. W. W.'s on the top of a freight train pulling out of Wolzy, for the north, when he refused the demands of the I. W. W. organizers to take out a card in the organization.

The train was not stopped until it reached the next station, Tulare, where the sheriff of that place was compelled by force of numbers to permit the I. W. W. members to leave the train and the slayer was not apprehended.

A posse made up of the American Legion posts of Huron, Woonsocket, Faulkton, Redfield and Hitchcock was dispatched in pursuit of the killer, and several hundred men are searching the countryside near Tulare. A large number of suspects have been rounded up.

Henderson was shot through the heart and died instantly. He was an ex-service man, and the sheriff of this county fears a lynching if his slayer is apprehended.

### The Quinine That Does Not Affect The Head

Because of its tonic and laxative effect, LAXATIVE BROMO QUININE (Tablets) can be taken by anyone without causing nervousness or ringing in the head. E. W. GROVE'S signature on box. 30c.

### No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS chill TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

### Habitual Constipation Cured in 14 to 21 Days

"LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It Stimulates and Regulates. - Very Pleasant to Take. 60c per bottle.

That's our policy; that's our reputation. We will serve you best.

## PHYSIOLOGICAL ACTION OF TANLAC EXPLAINED

World's Leading Authorities Show Just What Tanlac Really Is and Explain Effect of Each of Ten Ingredients on the Human System. Power of Medicine Conclusively Proven.

A day never passes but what thousands of people ask the questions: What is Tanlac? Why its phenomenal success? Why do we hear so much about it? And why has this preparation so far out-stripped all other medicines of its kind?

The answer to these questions is easy and can be explained in just one word—merit. Tanlac is scientifically compounded and represents years of work, study, experimentation and research by some of the foremost chemists and pharmacologists of America.

The Tanlac formula is purely ethical and complies with all National and State pure food laws. It is purely vegetable and is made from the most beneficial roots herbs and barks known to Materia Medica. The Tanlac Laboratories are among the largest and most modernly equipped in this country.

Ten Ingredients in Tanlac. Altogether, there are ten ingredients in Tanlac, each of which is of recognized therapeutic value.

In referring to one of the more important ingredients of Tanlac, the cyclopedia Britannica says:

"It has been the source of the most valuable medical medicines that have ever been discovered."

In referring to other of the general 13th Edition of Potter's Therapeutics, a standard to the medical textbook, states that "they impart general tone and strength to the entire system, including all organs and tissues."

This same well-known authority in describing the physiological action of still another of the ingredients of Tanlac, which is of value in treating what is commonly known as a "run-down condition," uses the following expression:

"It is highly esteemed in loss of appetite during convalescence from acute diseases."

There are certain other elements in

Tanlac, which, because of their influence upon the appetite, digestion, assimilation and elimination, improve the nutrition and vital activity of all the tissues and organs of the body and produce that state of general tonic which is called health.

The United States Dispensary makes the following comment regarding another ingredient:

"It may be used in all cases of pure debility of the digestive organs or where a general tonic impression is required."

There are certain other ingredients described in the Dispensary, and in other standard medical text-books, as having a beneficial action upon the organs of secretion, whose proper functioning results in a purification of the blood streams passing through them. In this manner, objectionable and poisonous ingredients of the blood are removed and the entire system invigorated and vitalized.

Tonic and Body Builder

Tanlac was designed primarily for the correction of disorders of the stomach, liver and bowels. At the same time, however, it is a powerful reconstructive tonic and body builder, for it naturally follows that any medicine that brings about proper assimilation of the food and the thorough elimination of the waste products must, therefore, have a far-reaching and most beneficial effect upon the entire system.

## PERSONAL INSTRUCTION

Quick, thorough preparation in those most necessary aids to business success:

### Bookkeeping and Stenography

Opportunities for securing high salaried positions are practically unlimited. The State Departments at Austin need Bookkeepers and Secretaries. The United States Civil Service Commission is constantly advertising for office help. Banks and Commercial Houses are looking for well prepared young men and young women. We assist our graduates to secure positions. Write for catalog and information.

### Nixon-Clay Commercial College

AUSTIN, TEXAS

### DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

### RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 35 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!
